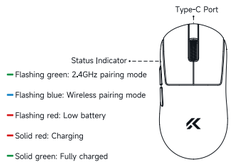
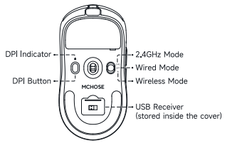
PRODUCT FUNCTION DESCRIPTION





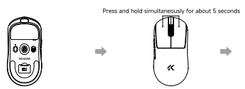
CONNECTION METHODS

2.4GHz Connection:

• Set the mode switch to [2.4GHz].
• Remove the USB receiver from the storage slot.
• Plug the receiver into a USB port on your computer.
• Manual pairing (paired by default at the factory): Press and hold the left, middle, and right mouse buttons simultaneously for about 5 seconds until the indicator flashes rapidly. The mouse will enter pairing mode. Plug the USB receiver into a USB port on your computer and keep the mouse close to the receiver, within 20 cm. Once connected successfully, the indicator will turn off.

Charging / Wired Connection:

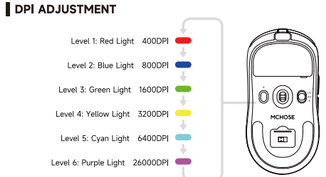
• Connect the Type-C end of the included USB cable to the mouse, and plug the USB end into a USB port on your computer.
• Once the USB cable is connected, the mouse will switch to wired mode and start charging simultaneously.



Wireless Connection:

• Set the switch to [B], then search for and connect to the device named [MCHOSE A7 V3 Pro]. If the connection fails, press and hold the left, middle, and right mouse buttons simultaneously for about 5 seconds until the indicator flashes rapidly. The mouse will enter pairing mode. Try connecting again. Once connected successfully, the indicator will turn off.
*A7 V3 Pro pairing name: [MCHOSE A7 V3 Pro]
*A7 V3 Ultra pairing name: [MCHOSE A7 V3 Ultra]

DPI ADJUSTMENT



*The 6th DPI level of the 3950 sensor is 42,000 DPI.

Desktop App Driver: https://www.mchose.store/pages/mchose-hub
Open the URL in a browser, click on **Download M HUB Driver** and then download and install it.
Note: The M-HUB desktop app driver currently supports only Windows 10 or later; Windows 7 and macOS are not supported.

PRODUCT SPECIFICATIONS

Mouse:
Radio Frequency: 2.4 GHz
Operating Frequency: 2402-2480MHz
Max Output power: <10dBm

Wireless Dongle:
Radio Frequency: 2.4 GHz
Operating Frequency: 2402-2480MHz
Max Output power: <10dBm

Radio Frequency: BT
Operating Frequency: 2400-2483.5MHz
Max Output power: <10dBm

BATTERY STATUS INDICATOR

Indicator flashing red: Please charge in time

Indicator solid red: Charging

Indicator solid green: Fully charged

NOTICE

This device has been tested and complies with the limits for Class B digital devices under Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in residential installations. This device generates, uses, and can radiate radio frequency energy, and if not installed and used under the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this device does cause harmful interference to radio or television reception (which can be determined by turning the device on and off), we encourage the user to try one or more of the following measures to correct the interference:
• Reorient or relocate the receiving antenna.
• Increase the distance between the device and receiver.
• Connect the device to a different circuit from the one to which the receiver is connected.
• Consult the dealer or an experienced radio/TV technician for help.
Changes or modifications not expressly approved by the responsible party could void the user's authority to operate the equipment.
This device complies with Part 15 of the FCC Rules.
The operation is subject to the following two conditions:
(1) This device may not cause harmful interference.
(2) This device must accept any interference received, including interference that may cause undesired operation.

⚠ CHARGING INSTRUCTION

1. It is recommended to charge the mouse only via the computer's USB port.
2. Do not use low-quality, non-standard power adapters to charge the mouse.
3. Do not use over-voltage or over-current power adapters to charge the mouse.
4. Keep the mouse away from high-temperature devices during charging.
5. Turn off the power switch when the mouse is not in use for an extended period.

The above charging instructions also apply to other rechargeable devices (keyboard, mouse, headset, speakers, etc.).

WARRANTY & SUPPORT

Thank you for choosing MCHOSE.
This product is covered by a limited 2-year warranty. Warranty terms and coverage periods may vary by country or region. For detailed information, please visit our official website.
During the warranty period, this warranty covers defects in materials, workmanship, and functional issues under normal use.
This warranty applies only to products purchased through official MCHOSE channels or authorized resellers.
For warranty support, please contact MCHOSE or your original seller and provide:
• Product model, purchase date & channel
• Name, email, phone number, and shipping address
• If the product was purchased through a local distributor or reseller, please contact them directly for after-sales support.

Exclusions
• This warranty does not cover damage caused by misuse, accidents, unauthorized modification or repair, improper use, or normal wear and tear.
• Products without valid proof of purchase may be treated as unauthorized products, and MCHOSE reserves the right to deny warranty or support service.

Statement of compliance with EU directive
2014/53/EU
2011/65/EU & 2015/863/EU
