Quick Installation Guide

Auto-Install Wireless USB Adapter
W311MI/U9

Packing List

- Wireless USB adapter * 1
- Quick Installation Guide * 1

※ If any item is incorrect, missing, or damaged, please keep the original package and contact the local reseller or distributor immediately.
For more product or function details, please go to www.tendacn.com

Safety Precautions

Before performing an operation, read the operation instructions and precautions to be taken, and follow them to prevent accidents. The warning and danger items in other documents do not cover all the safety precautions that must be followed. They are only supplementary information, and the installation and maintenance personnel need to understand the basic safety precautions to be taken.

- Do not use the device in a place where wireless devices are not allowed.
- Operating environment: Temperature: 0℃ - 40℃; Humidity: (10% - 90%) RH, non-condensing; Storage environment: Temperature: -40℃ - 70℃; Humidity: (5% - 90%) RH, non-condensing.
- Keep the device away from water, fire, high electric field, high magnetic field, and inflammable and explosive items.
- If such phenomena as smoke, abnormal sound or smell appear when you use the device, immediately stop using it and contact the after-sales service personnel.
- Disassembling or modifying the device or its accessories without authorization voids the warranty, and might cause safety hazards.

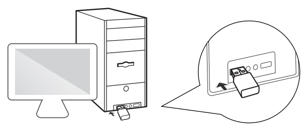
English

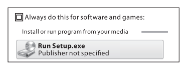
1 Install the Wireless USB Adapter

1. Connect the wireless USB adapter to a USB port on your computer.



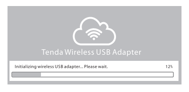
Note
This driver-free wireless USB adapter is compatible with mainstream operating systems, including Windows XP/7/8/8.1/10/11.

2. Click **Run Setup.exe**.



☐ Always do this for software and games:
Install or run program from your media
Run Setup.exe
Publisher not specified

Installation begins. Please wait. When the progress bar reaches 100%, the installation wizard disappears.



Tenda Wireless USB Adapter
Initializing wireless USB adapter... Please wait. 12%

Wait until the following notification appears in the lower-right corner of the desktop, and connect to a WiFi network.

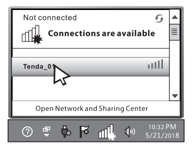
Realtek 8811CU Wireless LAN 802.11ac USB NIC
Device driver software installed successfully.
10:32 PM 5/21/2018

Note
If installation fails, refer to Appendix.

2 Connect to a WiFi Network

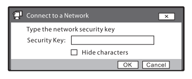
You can connect to a WiFi network after the successful installation of the wireless adapter.

1. Select the WiFi network to be connected, such as Tenda_01.



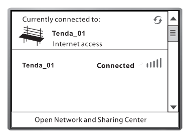
Not connected
Connections are available
Tenda_0
Open Network and Sharing Center
10:32 PM 5/21/2018

2. Enter the password and click **OK**.



Connect to a Network
Type the network security key
Security Key:
☐ Hide characters
OK Cancel

Connected.



Currently connected to:
Tenda_01
Internet access
Tenda_01 Connected
Open Network and Sharing Center

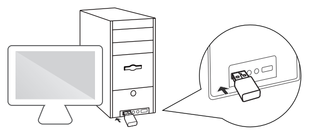
Appendix

1. If the **AutoPlay** dialog box does not appear, perform the following procedure (example: Windows 7):
a. Double-click **Computer** on the desktop.
b. Double-click **CD Drive (X:) Wireless** to start installation.
2. If your computer does not recognize the CD drive, perform the following procedure (example: Windows 7):
a. Click **Start** and then **Control Panel**.
b. Click **Uninstall a program**.
c. Uninstall the other driver-free wireless USB adapters, and reconnect this wireless USB adapter to start installation.

Português

1 Instalar o adaptador USB sem fios.

1. Conecte o adaptador USB sem fios à porta USB do seu computador.



Dica
Este adaptador USB sem fio necessidade de driver é compatível com os principais sistemas operacionais, incluindo Windows XP/7/8/8.1/10 /11.

2. Clique em **Executar Setup.exe**.

Melléklet

1. Ha az Automatikus lejátszás ablak nem jelenik meg, a következő lépéseket valósíthatja meg (példa: Windows 7):
a. Kattintson kétszer a Számítógép (Computer) feliratra az Asztalon.
b. Kattintson kétszer a CD meghajtóra (X:) hogy a vezeték nélküli telepítés elkezdődjön.
2. Ha számítógépe nem ismeri fel a CD meghajtót, hajtsa végre az alábbi lépéseket (példa: Windows 7):
a. Kattintson a Start menüre majd a Control Panel feliratra.
b. Kattintson a Ne telepítsen programot (Uninstall a program) feliratra.
c. Távolítsa el az egyéb konfigurációmentes vezeték nélküli USB adaptereket, és kapcsolja újra össze ezt a vezeték nélküli USB adaptert, hogy a telepítést el tudja kezdeni.

Safety and Emission Statement

CE Mark Warning
This is a Class B product. In a domestic environment, this product may cause radio interference, in which case the user may be required to take adequate measures.

NOTE: (1) The manufacturer is not responsible for any radio or TV interference caused by unauthorized modifications to this equipment. (2) To avoid unnecessary radiation interference, it is recommended to use a shielded RJ45 cable.

Declaration of Conformity
Hereby, SHENZHEN TENDA TECHNOLOGY CO., LTD. declares that the radio equipment type W311MI/U9 is in compliance with Directive 2014/53/EU.
The full text of the EU declaration of conformity is available at the following internet address:
http://www.tendacn.com/en/service/download-cata-101.html
Operate Frequency: 2.4G: EU/2400-2483.5MHz (CH1-CH13)
EIRP Power (Max.): 12.9dBm
Software Version: 1.0.3.2

FCC Statement
This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

— Reorient or relocate the receiving antenna.
— Increase the separation between the equipment and receiver.
— Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
— Consult the dealer or an experienced radio/TV technician for help.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Radiation Exposure Statement

This device complies with FCC radiation exposure limits set forth for an uncontrolled environment and it also complies with Part 15 of the FCC RF Rules.

Caution:

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

NOTE: (1) The manufacturer is not responsible for any radio or TV interference caused by unauthorized modifications to this equipment. (2) To avoid unnecessary radiation interference, it is recommended to use a shielded RJ45 cable.

Operating frequency: 2412-2462MHz, 5150-5250MHz, 5725-5850MHz.

RECYCLING

This product bears the selective sorting symbol for Waste electrical and electronic equipment (WEEE). This means that this product must be handled pursuant to European directive 2012/19/EU in order to be recycled or dismantled to minimize its impact on the environment.
User has the choice to give his product to a competent recycling organization or to the retailer when he buys new electrical or electronic equipment.
