

MANUAL - MPOWER

### SAFETY GUIDELINE

- Should you have trouble operating the device and reminder does not work, go to [sades.gg](http://sades.gg) for support. Do not attempt to fix yourself at anytime.
- Keep your device away from liquid, humidity or moisture. Operate your device only within the specified temperature range of 0 °C (32°F) to 40 °C (104°F).
- Do not take apart the device or change the original accessories (using so will void your warranty) and not attempt to operate it under abnormal current loads.
- In order to take good care of your hearing, we recommend that you reduce the volume to a comfortable level when listening for prolonged periods of time.
- Use dry and soft cloth or cotton swab with little warm water to clean the surface of the device.

### WARRANTY TERMS

- All our current products have a 18-month warranty period beginning from the purchase date.
- In case of defect, return the product to your reseller with failure description, proof of purchase and all accessories.
- During the warranty period, you will receive a replacement product from the reseller if available.
- For missing accessories such as manual, software or other items, contact our Service Centre from local distributors.
- Warranty will be void in case of opened products, physical damage, misuse, modification, repaired by unauthorised persons, carelessness and using the product for other purpose than its intended use.

### EXCLUSIVE OF WARRANTY

- Damage caused by accidents or disasters, such as fire, flood, earthquake, war, vandalism or theft.
- Incompatibility with other hardware/software not defined as minimum system requirements.
- Accessories such as batteries and fuses.

### USING THE INLINE CONTROLLER

**EXTENDING YOUR HEADSET'S LIFESPAN**  
We recommend stretching the headset gently, apart before placing it over your head to minimize headband stress. However, please avoid overstretching the headset beyond its structural limits.

Flexible and retractable omnidirectional microphone

A - Shift the microphone mute toggle to mute/unmute the microphone.  
B - Rotate the volume control wheel clockwise or counterclockwise to increase or decrease the audio volume.

### PC

Use the Y-cable adapter for your PC.

Make sure your "Mpower" is chosen as an audio out on your PC. Right click the small speaker icon in the bottom tool bar > Select "Playback" > Select "SADES Mpower" as playback device.

### SET UP

Thank you for choosing the gaming headset "Mpower" by SADES®. SADES® has provided the professional gaming headset for gamers since 2012.

#### HARDWARE REQUIREMENTS

Devices with 3.5mm audio jack/3.5mm audio + mic combined jack/separate 3.5mm audio and mic jacks.

#### PACKAGE CONTENTS

- SADES® gaming headset
- User manual
- Warranty card
- Y-cable
- Replaced ear-pad
- SADES® inclusive sticker

#### KINDLY REMINDER

- This headset no needs driver.
- Close the related audio player or game before disconnecting your headset.

#### WARNING

Because of the bad ear-ware problem of some old version desktop, there is a little noise issue of the microphone caused from the power side which can't be filtered. This is the common reflection rather than the problem of the headset.
