User Manual
Wired Mouse AGS-C08

Intended Use

The mouse is a device for controlling the cursor and issuing various commands to the computer.

Specifications

- Model: AGS-C08.
- Trademark: Aceline.
- Mouse type: Wired.
- Power supply: 5 V ⎓ 100 mA.
- Optical LED sensor: A704F.
- Sensor resolution: 1200 / 2400 / 4800 / 7200 DPI.
- Maximum tracking speed: 60 IPS.
- Acceleration: 20 G.
- Polling rate: 125 Hz.
- Switches: HUANO 3 M.
- Lighting: Multicolor.
- Material: ABS plastic.
- Connection type: USB.
- OS compatibility: Windows/Linux.
- Cable: 1.8 m, braided.
- Number of buttons: 6.
- Scope of application: Domestic.
- Package contents: Mouse, user manual.

Safety Precautions

- Do not modify the device in any way.
- To prevent short circuits, keep the device away from liquids and do not place open containers filled with liquids near it.
- Do not expose the device to electromagnetic radiation.
- The device is not intended for commercial use.
- The device is not intended for use by children or persons with reduced physical, sensory, or mental capabilities unless they are supervised by a person responsible for their safety. Do not allow children to play with the device.

Operating Instructions

1. Connect the mouse to a USB port on your PC.
2. Wait for the hardware installation wizard to complete the setup.
3. The mouse is ready to use.

Lighting

The mouse has 3 lighting modes. To switch between lighting modes, press a side button and the DPI button simultaneously:

1. The lighting cycles through red, purple, blue, and pink. Press the DPI button to switch between DPI levels. Each DPI level corresponds to a specific lighting color: Red — 1200; Purple — 2400; Blue — 4800; Pink — 7200.
2. The lighting displays a single color and flashes to indicate the selected DPI level. Press the DPI button to change the DPI level. Each DPI level corresponds to a specific number of flashes: 1 flash — 1200; 2 flashes — 2400; 3 flashes — 4800; 4 flashes — 7200.
3. To turn off the lighting, press and hold the DPI button for 3–5 seconds. Repeat the same action to turn the lighting back on.

Rules and Conditions for Installation, Storage, Transportation, Sale (Distribution), and Disposal

- The device does not require installation or permanent mounting.
- The device must be stored in its original packaging, on heated premises, both at the manufacturer's and at the consumer's sites. The ambient temperature should be between +5 °C and +40 °C, and the relative humidity should not exceed 80% (non-condensing). The storage area must be free from aggressive contaminants (e.g., acid or alkali vapors) that could cause corrosion.
- The device must be transported under dry conditions.
- The device requires careful handling. Protect it from exposure to dust, dirt, impact, moisture, fire, and other hazards.
- Sale or distribution of the device must be carried out in accordance with local legislation.
- Upon expiration of the device's service life, it must not be disposed of with unsorted household waste. Instead, it must be taken to an authorized collection point for electrical and electronic equipment for subsequent recycling and disposal in accordance with federal or local legislation. By ensuring proper disposal of this product, you help conserve natural resources and prevent potential harm to the environment and human health that may result from improper handling. For more detailed information about collection and disposal points for this product, please contact your local municipal authorities or your household waste disposal service.
- If a device malfunction is detected, immediately contact an authorized service center or dispose of the device.

Warranty Information

The manufacturer guarantees the device will function properly throughout the warranty period and be free from defects in materials and assembly. The warranty period commences on the date of purchase and applies to new products only. Warranty service includes free repair or replacement of defective parts that fail during the warranty period, provided the failure is not caused by consumer misuse and the product is operated in accordance with the user manual. Repairs or part replacements shall be performed at authorized service centers.

Warranty Period: 12 months
Service Life: 24 months
