Headphones
AWH-2505L

# Dear Customer,

Thank you for choosing our products.
We are pleased to offer you appliances and devices designed and manufactured to the highest standards of quality, functionality, and design. Before using the device, please read this manual carefully. It contains important information regarding your safety, as well as recommendations for the proper use and care of the product. Please keep this manual in a safe place and use it as a reference guide during future operation of the product.

# Intended Use

Headphones are a device for personal listening to music, speech, or other audio signals.

# Specifications

- Trademark: Aceline.
- Sensitivity: 111 dB.
- Impedance: 32 Ω.
- Power supply: 5 V ⎓ 0.5 A.
- Driver diameter: 30 mm.
- Ear cushion dimensions: 58 × 58 mm.
- Cable length: 1.8 m.
- Connection interface: USB.
- Scope of application: Domestic.

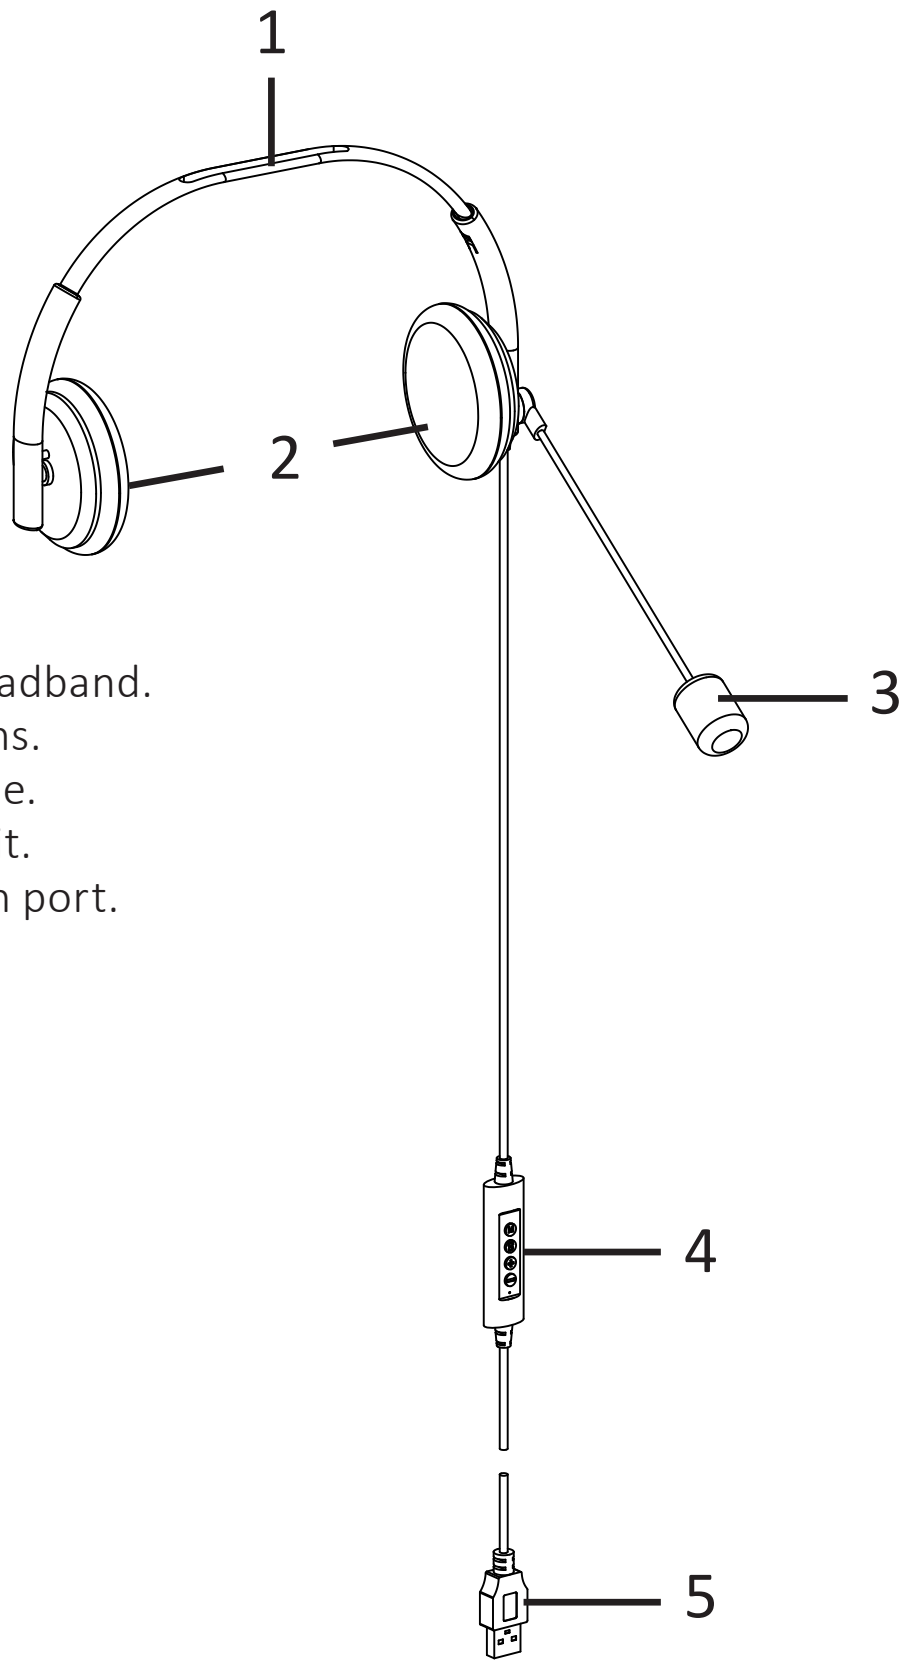

# Package Contents

- Headphones.
- User manual.

# Safety Precautions

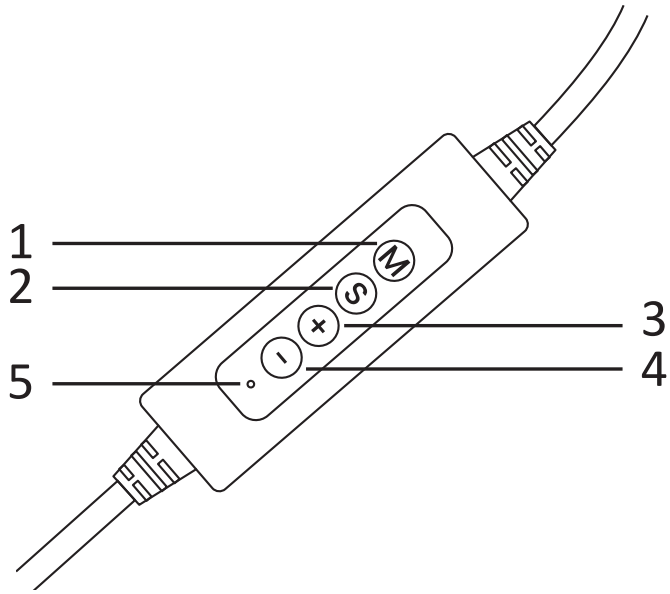

- Do not make any modifications to the device's design.
- To avoid a short circuit, do not expose the device to any liquids, and do not place open containers of liquid near it.
- Do not expose the device to electromagnetic radiation.
- To avoid hearing damage, use the earphones at safe volume levels.
- Do not use the headphones in situations where you need to be aware of your surroundings, such as while driving or cycling.
- This device is not intended for commercial use.
- With extended use, the ear cushions may wear out.
- The device contains small parts that pose a choking hazard. Before use, remove all plastic fasteners and adhesive elements.
- Do not pull or move the device by the cord. Do not bend or wrap the cord around the device. Also ensure the power cord does not bend over the edge of the countertop or come into contact with hot surfaces or sharp edges.
- This device is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of appliance by a person responsible for their safety. Children should be supervised to ensure that they do not play with the device.

# Device Diagram

1. Flexible headband.
2. Ear cushions.
3. Microphone.
4. Control unit.
5. Connection port.

## Control Panel Diagram

1. Microphone on/off button.
2. Sound on/off button.
3. Volume up button.
4. Volume down button.
5. Indicator.

# Operating Instructions

1. Connect the headphones to your audio source device using the cable.
2. In your system sound settings, select the headphones as the default audio input and output device.
3. Adjust the headband and microphone position (the microphone should be facing your mouth).
4. Adjust the desired volume level using the corresponding buttons.

## Indicator States

- The indicator on the remote lights up blue when the headphones are connected to a power source via the USB connector, and flashes when transmitting an audio signal.

- The indicator lights up red if the microphone is turned off using the corresponding button on the remote control. Press the button again to turn the microphone back on — the indicator will light up blue again.

## Rules and Conditions for Installation, Storage, Transportation, Sale (Distribution), and Disposal

- This device requires no assembly or mounting.
- The device must be stored in its original packaging, on heated premises, both at the manufacturer's and at the consumer's sites. The ambient temperature should be between +5 °C and +40 °C, and the relative humidity should not exceed 80% (non-condensing). The storage area must be free from aggressive contaminants (e.g., acid or alkali vapors) that could cause corrosion.
- The device must be transported in a dry place.
- The device requires careful handling. Protect it from exposure to dust, dirt, impact, moisture, fire, and other hazards.
- Sale or distribution of the device must be carried out in accordance with local legislation.
- Upon expiration of the device's service life, it must not be disposed of with unsorted household waste. Instead, it must be taken to an authorized collection point for electrical and electronic equipment for subsequent recycling and disposal in accordance with federal or local legislation. By ensuring proper disposal of this product, you help conserve natural resources and prevent potential harm to the environment and human health that may result from improper handling. For more detailed information about collection and disposal points for this product, please contact your local municipal authorities or your household waste disposal service.
- If a device malfunction is detected, immediately contact an authorized service center or dispose of the device.

# Warranty Information

The manufacturer guarantees the device will function properly throughout the warranty period and be free from defects in materials and assembly. The warranty period commences on the date of purchase and applies to new products only. Warranty service includes free repair or replacement of defective parts that fail during the warranty period, provided the failure is not caused by consumer misuse and the product is operated in accordance with the user manual. Repairs or part replacements shall be performed at authorized service centers.

**Warranty Period**: 12 months

**Service Life:** 24 months
