Additional Information8

Dear Customer,

Thank you for choosing our products.

We are pleased to offer you appliances and devices designed and manufactured to the highest standards of quality, functionality, and design. Before using the device, please read this manual carefully. It contains important information regarding your safety, as well as recommendations for the proper use and care of the product. Please keep this manual in a safe place and use it as a reference guide during future operation of the product.

Intended Use

A computer desk is designed to provide comfortable working conditions while using a computer.

Safety Precautions

- Use the product only for its intended functional purpose.
- Do not exceed the maximum permissible weight.
- Do not carry the product by holding the desktop.
- Assemble the product strictly in accordance with the provided user manual.
- This product is intended exclusively for indoor use (home, office, or similar conditions).
- Prevent contact of the product with caustic and abrasive substances. Use special cleaning agents for furniture care. Damp cleaning followed by moisture removal is permitted.
- Place the product at a distance of at least 1 meter from heating appliances and heat sources.
- It is not recommended to operate the product in conditions of extreme humidity and dryness for a long time, especially if such conditions periodically alternate. Over time, this may affect the integrity of the furniture and its parts. If such conditions exist, it is recommended to ventilate the room frequently and, if possible, use dehumidifiers or humidifiers to normalize humidity.
- Do not allow direct sunlight to hit the furniture. Prolonged direct exposure to the sun on certain areas may cause a change in their color characteristics.
- Do not place hot objects on the furniture.
- It is recommended to periodically check the tightness of the threaded connections of the transformation mechanisms and tighten them if necessary.
- Do not place furniture near damp or wet walls and objects.
- It is not recommended to stand on the furniture, jump on it, or subject it to increased dynamic loads.
- Intense heat or cold, as well as sudden temperature changes, can seriously damage the furniture or its parts.
- This product is not intended for commercial use.

Specifications

- Model: Experience 160.
- Trademark: Aceline.
- Maximum load capacity: 50 kg.
- Desktop thickness: 18 mm.
- Dimensions (W × D × H): 1600 × 800 × 750 mm.
- Material: Laminated particleboard.
- Net weight: 35.5 kg.
- Scope of application: Domestic.

Package Contents

- Desk.
- Assembly kit.
- User manual.

Rules and Conditions for Installation, Storage, Transportation, Sale (Distribution), and Disposal

- The installation and mounting conditions for the product are described in the «Assembly Instructions» section of this user manual.
- The product must be stored in its original packaging, on heated premises, both at the manufacturer's and at the consumer's sites. The ambient temperature should be between +5 °C and +40 °C, and the relative humidity should not exceed 80% (non-condensing). The storage area must be free from aggressive contaminants (e.g., acid or alkali vapors) that could cause corrosion.
- The product must be transported in a dry place.
- The product requires careful handling. Protect it from exposure to dust, dirt, impact, moisture, fire, and other hazards.
- Sale or distribution of the product must be carried out in accordance with local legislation.
- Upon expiration of the product's service life, it must not be disposed of with unsorted household waste. Instead, it must be taken to an authorized collection point for electrical and electronic equipment for subsequent recycling and disposal in accordance with federal or local legislation. By ensuring proper disposal of this product, you help conserve natural resources and prevent potential harm to the environment and human health that may result from improper handling. For more detailed information about collection and disposal points for this product, please contact your local municipal authorities or your household waste disposal service.
- If product damage is detected, immediately contact an authorized service center or dispose of the product.

Warranty Information

The manufacturer guarantees the product will function properly throughout the warranty period and be free from defects in materials and assembly. The warranty period commences on the date of purchase and applies to new products only. Warranty service includes free repair or replacement of defective parts that fail during the warranty period, provided the failure is not caused by consumer misuse and the product is operated in accordance with the user manual. Repairs or part replacements shall be performed at authorized service centers.

Warranty Period: 36 months

Service Life: 36 months
