User Manual
Wireless Keyboard and Mouse
ST-706

aceline

Intended Use

The keyboard is an input device designed for typing text and issuing commands to the computer.
The mouse is a device for controlling the cursor and issuing various commands to the computer.

Specifications

- Model: ST-706.
- Trademark: Aceline.

Keyboard

- Connection type: Wireless.
- Keyboard type: Membrane.
- Total number of keys: 113.
- Base material: Plastic.

Mouse

- Connection type: Wireless.
- Number of mouse buttons: 4.
- Mouse type: optical LED.
- Polling rate: 125 Hz.
- Base material: Plastic.

Wireless Specifications

- Wireless standard: IEEE 802.15.
- Frequency range: 2400–2483 MHz.
- Transmitter power: up to 100 mW.

Package Contents

- Keyboard.
- Mouse.
- User manual.

Safety Precautions

- Do not make any modifications to the device's design.
- To avoid a short circuit, do not expose the device to any liquids, and do not place open containers of liquid near it.
- Do not expose the device to electromagnetic radiation.
- This device is not intended for commercial use.
- This device is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of appliance by a person responsible for their safety. Children should be supervised to ensure that they do not play with the device.

Operating Instructions

Getting Started

1. Insert an AAA battery (not included) into the battery compartment in the keyboard. Close the compartment cover.
2. Insert an AA battery (not included) into the battery compartment in the mouse. Close the compartment cover.
3. Remove the USB receiver from the mouse and plug it into a USB port on your computer. The receiver is pre-paired with the device, so the connection will be established automatically.
4. The devices are ready for use.

Rules and Conditions for Installation, Storage, Transportation, Sale (Distribution), and Disposal

- This device requires no assembly or mounting.
- The device must be stored in its original packaging, on heated premises, both at the manufacturer's and at the consumer's sites. The ambient temperature should be between +5 °C and +40 °C, and the relative humidity should not exceed 80% (non-condensing). The storage area must be free from aggressive contaminants (e.g., acid or alkali vapors) that could cause corrosion.
- The device must be transported in a dry place.
- The device requires careful handling. Protect it from exposure to dust, dirt, impact, moisture, fire, and other hazards.
- Sale or distribution of the device must be carried out in accordance with local legislation.
- Upon expiration of the device's service life, it must not be disposed of with unsorted household waste. Instead, it must be taken to an authorized collection point for electrical and electronic equipment for subsequent recycling and disposal in accordance with federal or local legislation. By ensuring proper disposal of this product, you help conserve natural resources and prevent potential harm to the environment and human health that may result from improper handling. For more detailed information about collection and disposal points for this product, please contact your local municipal authorities or your household waste disposal service.
- If a device malfunction is detected, immediately contact an authorized service center or dispose of the device.

Warranty Information

The manufacturer guarantees the device will function properly throughout the warranty period and be free from defects in materials and assembly. The warranty period commences on the date of purchase and applies to new products only. Warranty service includes free repair or replacement of defective parts that fail during the warranty period, provided the failure is not caused by consumer misuse and the product is operated in accordance with the user manual. Repairs or part replacements shall be performed at authorized service centers.

Warranty Period: 12 months
Service Life: 24 months
