LCD/LED Monitor Arm ARDOR GAMING Bulwark
User Manual

Dear Customer,

Thank you for your trust!

Our team fully shares your passion for gaming, which is why we put every effort into making your experience with our gaming accessories unforgettable. We wish you many new victories and the brightest impressions ahead!

Intended Use

This product is designed to hold a monitor.

Safety Precautions

- This product is intended for indoor use only.
- Ensure that the supporting surface can withstand the weight of all installed equipment and components.
- Installation of the product must be performed only by qualified specialists.
- Before installation, ensure you have received all parts according to the package contents list. If any parts are missing or damaged, contact the seller.
- The kit for this device contains small parts that pose a choking hazard if swallowed. Keep such parts out of the reach of children.
- Follow the visual instructions provided in this manual. Use only the installation components supplied with the product. Do not overtighten the screws. Check the quality of the fasteners after installation.
- It is necessary to regularly check (at least once every three months) that the arm is securely fastened and safe to use.
- The product and its components are not intended for use by children or persons with reduced physical, sensory, or mental capabilities, unless they are supervised by a person responsible for their safety.
- Do not allow children to play with the device.
- This product is not intended for commercial use.

- Supported VESA sizes: 75 × 75 mm, 100 × 100 mm
- Minimum screen size: 17″
- Maximum screen size: 49″
- Distance from desk: 500 mm
- Swivel angle: 180°
- Tilt angle (up): 50°
- Tilt angle (down): -20°
- Scope of application: Domestic

Package Contents

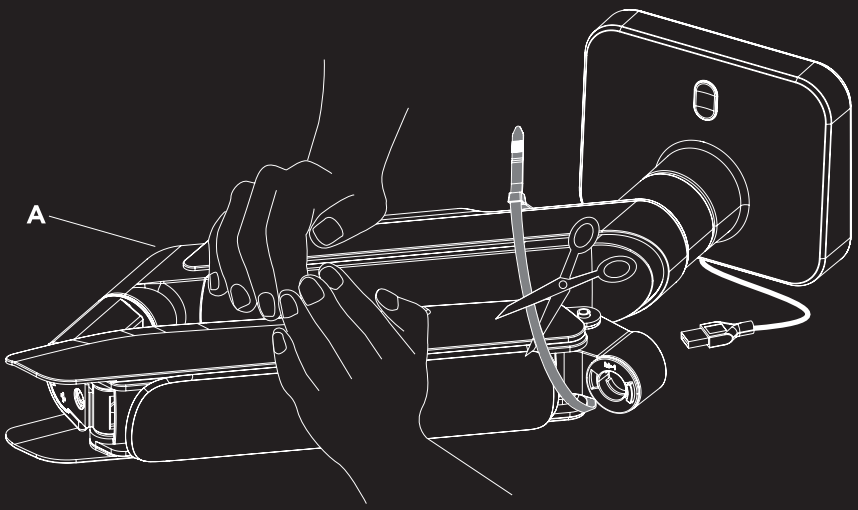

- Monitor arm
- Mounting hardware
- User manual

Installation Diagram

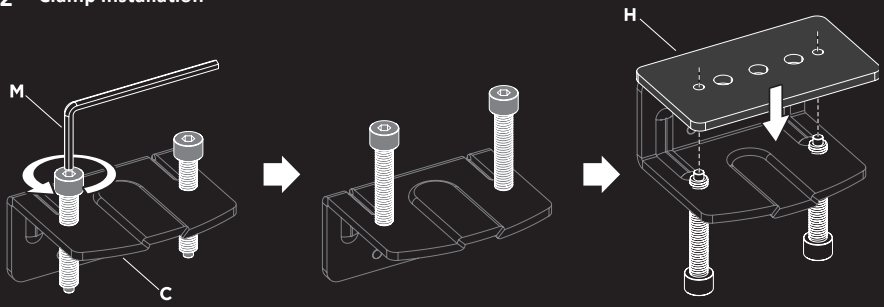

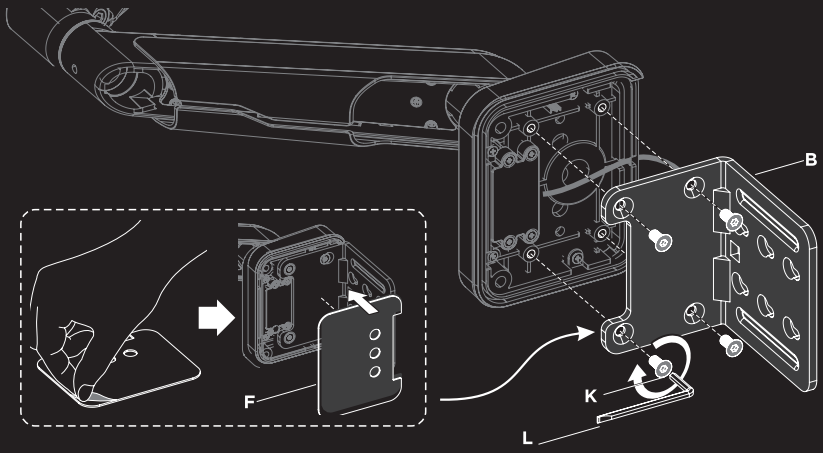

1 **CAUTION!** Stored energy hazard

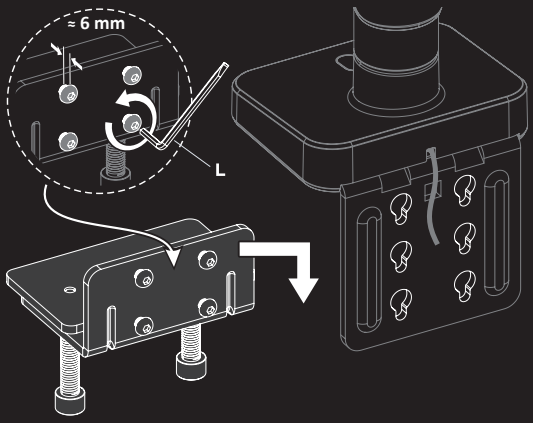

1. Firmly compress both parts of the arm as shown in the picture. Have another person cut the zip tie while you hold the arm.
2. Then slowly release the pressure on the arm and wait for it to fully extend.

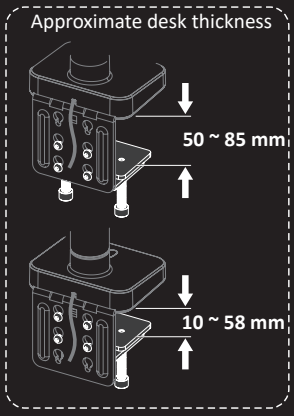

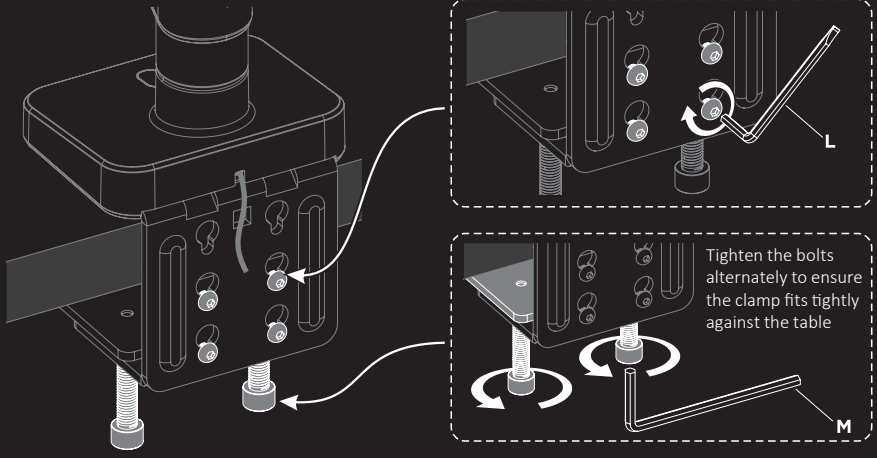

2 **Clamp Installation**

3

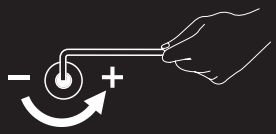

To properly balance the monitor arm with the installed monitor, adjust the spring tension using the hex key (included) as described below.

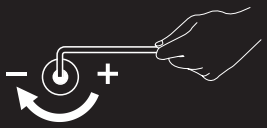

Position and firmly hold the monitor arm horizontally, as shown in the figure below. Ask someone for help if necessary.

To avoid damaging the arm or the monitor, keep the monitor arm horizontal throughout the entire spring adjustment process. Ask someone for help if necessary.

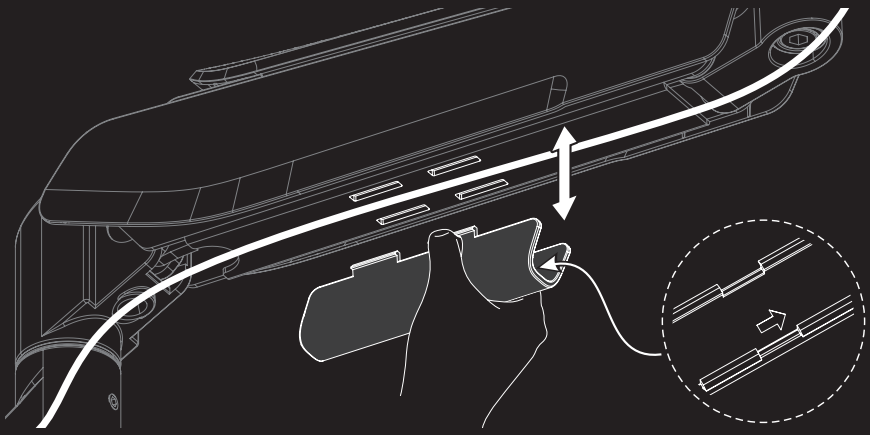

If the monitor arm droops, turn the adjustment screw counterclockwise until the arm is fixed in a horizontal position.

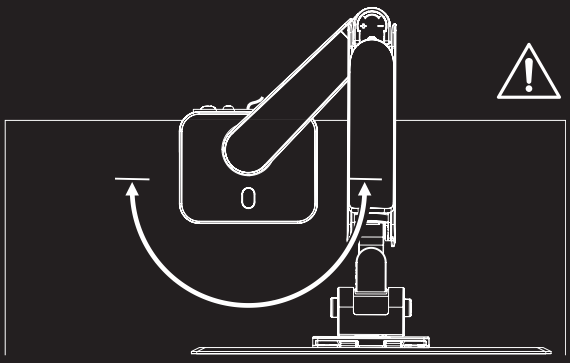

If the monitor arm rises, turn the adjustment screw clockwise until the arm is fixed.

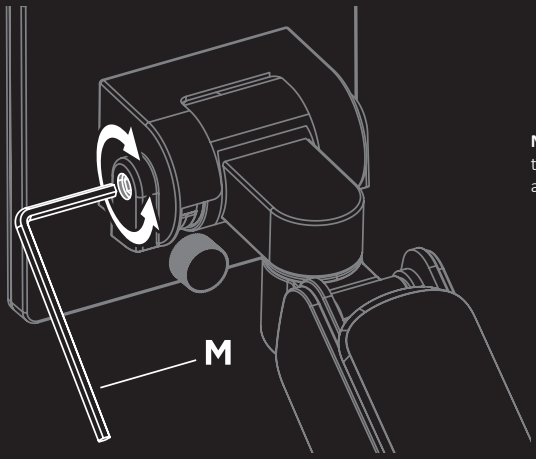

Do not overtighten the screw.

7

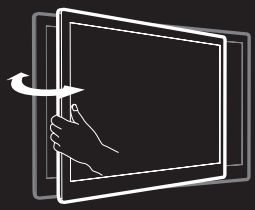

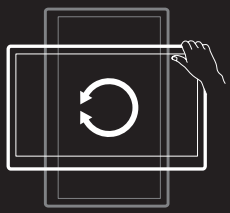

Do not position the monitor beyond the rear edge of the desk, as this may cause the setup to become unstable and the equipment to fall.

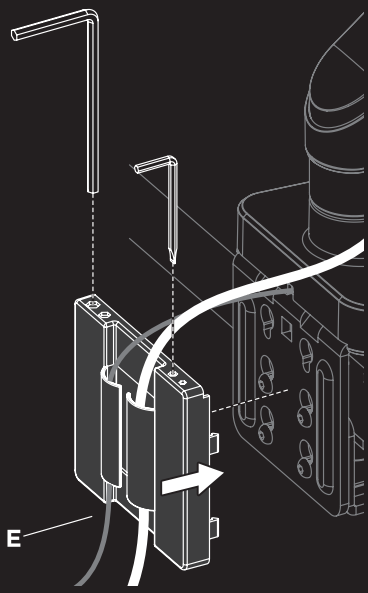

Note: If the monitor does not stay in the desired position, tighten the screws according to this figure.

Lighting control button:

On/Off: Press and hold the button for 2 seconds.

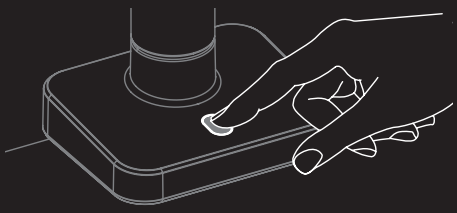

Change lighting mode: Press the button repeatedly until the desired lighting effect is selected (20 modes in total).

Random mode: Double-press the button (the lighting will flash once), and colors will be selected in random order. Double-press again to exit this mode.

Save settings: The system will automatically save the last lighting settings.

Connecting ARGB lighting from an external device: Connect to a lighting controller with a 5 V 3-pin ARGB interface.
(Use cable N from the package.)

Connecting ARGB lighting from the LUMI RGB controller:
Connect the controller via the USB port.
(The LUMI RGB controller is not included.)

Rules and Conditions for Installation, Storage, Transportation, Sale (Distribution), and Disposal

- The installation and mounting conditions for the product are described in the «Installation Diagram» section of this user manual.
- The product must be stored in its original packaging, on heated premises, both at the manufacturer's and at the consumer's sites. The ambient temperature should be between +5 °C and +40 °C, and the relative humidity should not exceed 80% (non-condensing). The storage area must be free from aggressive contaminants (e.g., acid or alkali vapors) that could cause corrosion.
- The product must be transported under dry conditions.
- The product requires careful handling. Protect it from exposure to dust, dirt, impact, moisture, fire, and other hazards.
- Sale or distribution of the product must be carried out in accordance with local legislation.
- Disposal of this product must be carried out in accordance with local waste recycling regulations. By ensuring proper disposal of this product, you help prevent potential harm to the environment and human health resulting from uncontrolled waste disposal and promote the sustainable reuse of material resources. For more detailed information on collection and disposal points for this product, please contact your local municipal authorities or household waste collection service.
- If a product malfunction is detected, immediately contact an authorized service center or dispose of the product.

Warranty Information

The manufacturer warrants that the product is free from defects in materials and assembly. The warranty period commences on the date of purchase and applies only to new products. Warranty service includes free repair or replacement of defective parts that fail during the warranty period, provided the failure is not caused by consumer misuse and the product is operated in accordance with the user manual. Repairs or part replacements shall be performed at authorized service centers. Failure to follow the described safety precautions will void your warranty.

Warranty Period: 84 months

Service Life: 84 months
