Intended Use

The chair is designed to provide comfortable working conditions.

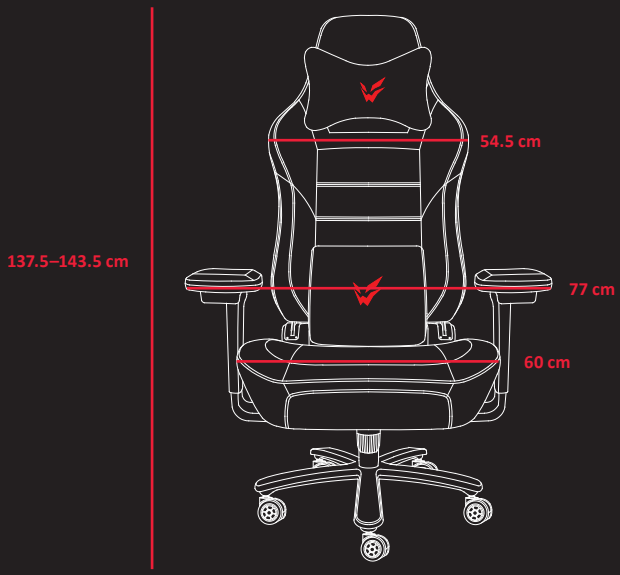

Safety Precautions

- Do not exceed the maximum permissible weight.
- When using the chair in the immediate vicinity of heating appliances, its surface must be protected from heat during operation. The temperature of the furniture components must not exceed +40 °C.
- Do not use the chair near open flames.
- During operation, prevent water and other liquids from coming into contact with the parts of the furniture touching the floor.
- Assemble the product strictly in accordance with the provided instructions.

Rules and Conditions for Installation, Storage, Transportation, Sale (Distribution), and Disposal

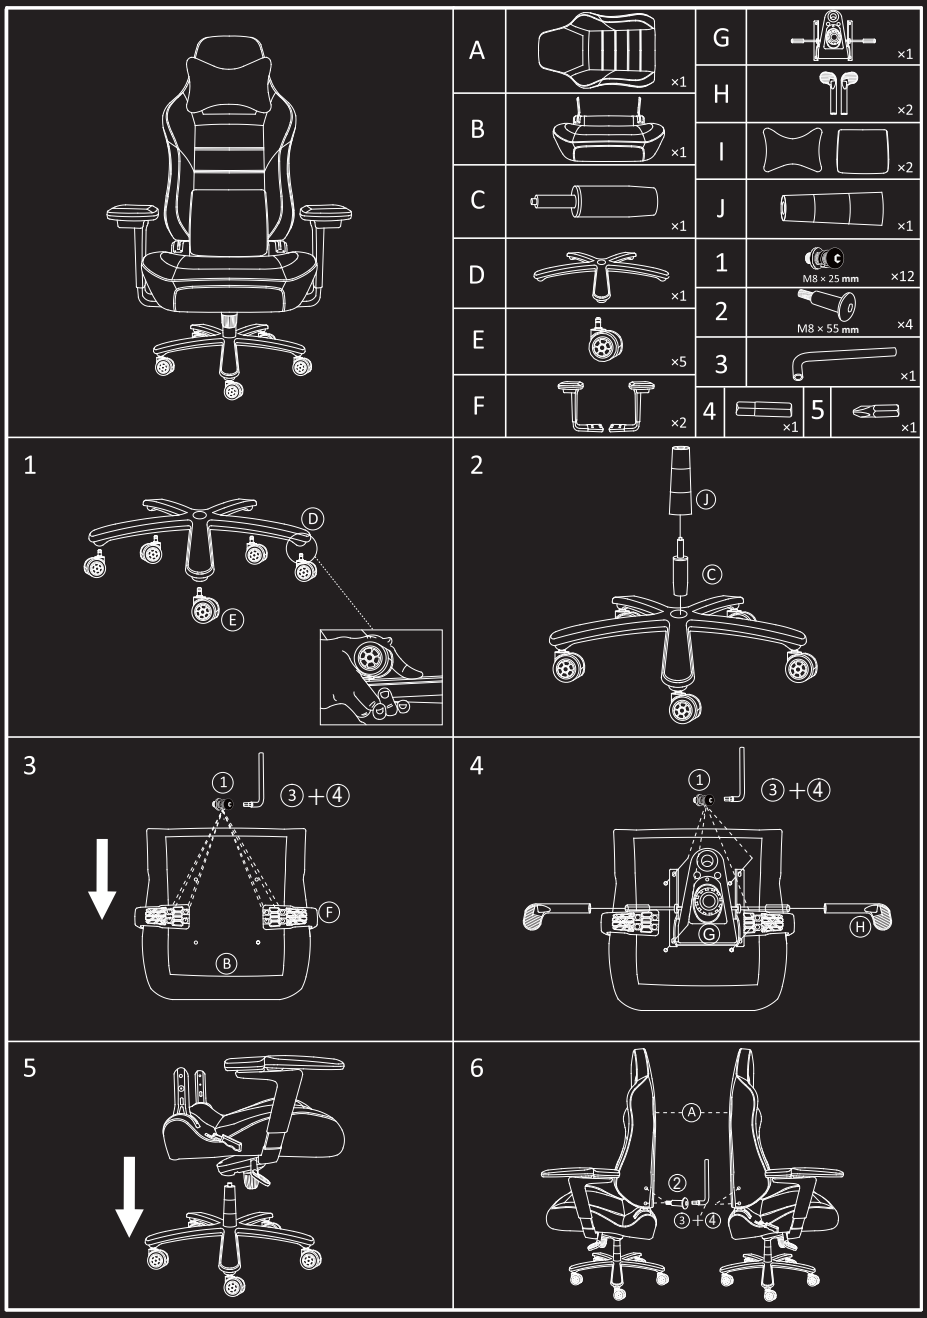

- The installation and mounting conditions for the product are described in the «Assembly» section of this user manual.
- The product must be stored in its original packaging, on heated premises, both at the manufacturer's and at the consumer's sites. The ambient temperature should be between +5 °C and +40 °C, and the relative humidity should not exceed 80% (non-condensing). The storage area must be free from aggressive contaminants (e.g., acid or alkali vapors) that could cause corrosion.
- The product must be transported in a dry place.
- The product requires careful handling. Protect it from exposure to dust, dirt, impact, moisture, fire, and other hazards.
- Sale or distribution of the product must be carried out in accordance with local legislation.
- Disposal of this product must be carried out in accordance with local waste recycling regulations. By ensuring proper disposal of this product, you help prevent potential harm to the environment and human health resulting from uncontrolled waste disposal and promote the sustainable reuse of material resources. For more detailed information on collection and disposal points for this product, please contact your local municipal authorities or household waste collection service.
- If product damage is detected, immediately contact an authorized service center or dispose of the product.

Operating Instructions

Chair Height Adjustment

- To raise the chair, stand up slightly and lift the protruding end of the right lever upward.
- To lower the chair, sit on it and push the protruding end of the right lever downward.

Note: The chair is adjusted correctly if your feet are resting flat on the floor.

Backrest Stiffness Adjustment

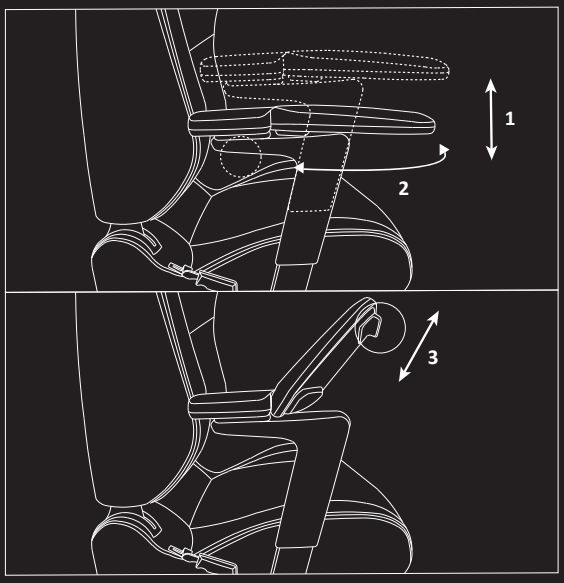

- To unlock the chair tilt, pull the left lever towards you.
- To lock the chair tilt angle, settle into the desired position and return the left lever to its original position.
- To increase the tilt mechanism stiffness, turn the adjustment screw clockwise; to decrease it, turn it counterclockwise.

Backrest Tilt Adjustment

To adjust the backrest tilt, pull the lever to the limit without applying pressure to the backrest, then slowly lean back into the chair until you reach the desired angle, and carefully return the lever to its original position to lock the backrest.

5D Armrest Adjustment

1. Up and down.
2. Left and right.
3. Fold upward.

Note: The maximum load on the folded-up armrests is 20 kg.

Warranty Information

The manufacturer warrants that the product is free from defects in materials and assembly. The warranty period commences on the date of purchase and applies only to new products. Warranty service includes free repair or replacement of defective parts that fail during the warranty period, provided the failure is not caused by consumer misuse and the product is operated in accordance with the user manual. Repairs or part replacements shall be performed at authorized service centers. Failure to follow the described safety precautions will void your warranty.

Warranty Period: 36 months

Service Life: 36 months
