Wireless standard	IEEE 802.15.1
Operating frequency range	2402–2480 MHz
Transmitter power	0 dBm

Connecting the Keyboard in Wired and Wireless Modes

Wired Mode

1. Move the keyboard switch to the neutral position.
2. Connect the device to a USB connector on your computer using the cable.
3. Wait for the hardware installation wizard to complete on your computer.
4. The device is ready for use

Bluetooth Mode

1. Turn on Bluetooth on the device you want to connect the keyboard to, and move the keyboard switch to the BT position.
2. Find the keyboard ARDOR_Patron 3.0 or ARDOR_Patron 5.0 in the list of available devices and pair with it.*

Your keyboard supports fast switching between three connected devices.

1. Turn on Bluetooth on your device and move the keyboard switch to the BT position.
2. Press FN + 1 simultaneously — use Bluetooth profile 1.
3. Press FN + 2 simultaneously — use Bluetooth profile 2.
4. Press FN + 3 simultaneously — use Bluetooth profile 3.

2.4G Mode

1. Connect the 2.4G receiver (included with the keyboard) to a USB connector on your computer and move the keyboard switch to the 2.4G position.
2. Wait for the hardware installation wizard to complete on your computer.
3. The device is ready for use.

* Windows 8 and later supports both 3.0 and 5.0 connections.
Windows versions older than 8 only support 3.0 connections.

Key Combinations

FN + 1	Bluetooth profile 1
FN + 2	Bluetooth profile 2
FN + 3	Bluetooth profile 3

Rules and Conditions for Installation, Storage, Transportation, Sale (Distribution), and Disposal

- This device requires no assembly or mounting.
- The device must be stored in its original packaging, on heated premises, both at the manufacturer's and at the consumer's sites. The ambient temperature should be between +5 °C and +40 °C, and the relative humidity should not exceed 80% (non-condensing). The storage area must be free from aggressive contaminants (e.g., acid or alkali vapors) that could cause corrosion.
- The device must be transported in a dry place.
- The device requires careful handling. Protect it from exposure to dust, dirt, impact, moisture, fire, and other hazards.
- Sale or distribution of the device must be carried out in accordance with local legislation.
- Upon expiration of the device's service life, it must not be disposed of with unsorted household waste. Instead, it must be taken to an authorized collection point for electrical and electronic equipment for subsequent recycling and disposal in accordance with federal or local legislation. By ensuring proper disposal of this product, you help conserve natural resources and prevent potential harm to the environment and human health that may result from improper handling. For more detailed information about collection and disposal points for this product, please contact your local municipal authorities or your household waste disposal service.
- If a device malfunction is detected, immediately contact an authorized service center or dispose of the device.

Warranty Information

The manufacturer guarantees the device will function properly throughout the warranty period and be free from defects in materials and assembly. The warranty period commences on the date of purchase and applies to new products only. Warranty service includes free repair or replacement of defective parts that fail during the warranty period, provided the failure is not caused by consumer misuse and the product is operated in accordance with the user manual. Repairs or part replacements shall be performed at authorized service centers.

Warranty Period: 24 months

Service Life: 36 months
