PC Case
ARDOR GAMING Rare M2
User Manual

Dear Customer,

Thank you for your trust!

Our team fully shares your passion for gaming, which is why we put every effort into making your experience with our gaming accessories unforgettable. We wish you many new victories and the brightest impressions ahead!

Intended Use

The case is designed to house computer hardware components.

Safety Precautions

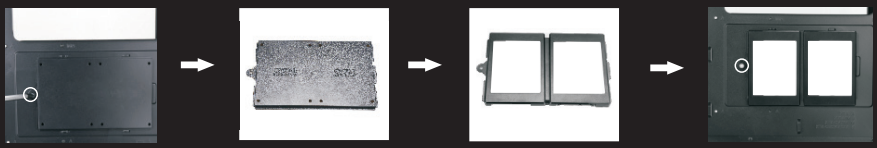

- Do not make any modifications to the case design.
- This case is not intended for commercial use.
- This case is not intended for use by children or persons with reduced physical, sensory, or mental capabilities, unless they are supervised by a person responsible for their safety. Do not allow children to play with the case.

Rules and Conditions for Installation, Storage, Transportation, Sale (Distribution), and Disposal

- The PC case does not require installation or permanent mounting.
- The product must be stored in its original packaging, on heated premises, both at the manufacturer's and at the consumer's sites. The ambient temperature should be between +5 °C and +40 °C, and the relative humidity should not exceed 80% (non-condensing). The storage area must be free from aggressive contaminants (e.g., acid or alkali vapors) that could cause corrosion.
- The product must be transported under dry conditions.
- The product requires careful handling. Protect it from exposure to dust, dirt, impact, moisture, fire, and other hazards.
- Sale or distribution of the product must be carried out in accordance with local legislation.
- Disposal of this product must be carried out in accordance with local waste recycling regulations. By ensuring proper disposal of this product, you help prevent potential harm to the environment and human health resulting from uncontrolled waste disposal and promote the sustainable reuse of material resources. For more detailed information on collection and disposal points for this product, please contact your local municipal authorities or household waste collection service.
- If a product malfunction is detected, immediately contact an authorized service center or dispose of the product.

2.5” SSD Installation

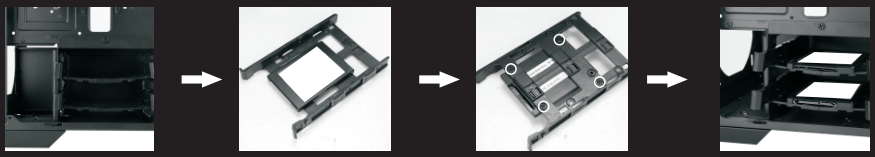

1. Position the SSD on the rear side of the motherboard tray.
2. Two SSD mounting positions.
3. Secure the SSD to the mounting bracket using screws.
4. Install the mounting bracket with the SSD in place.

5. Three SSD mounting positions.
6. Install the SSD in place.

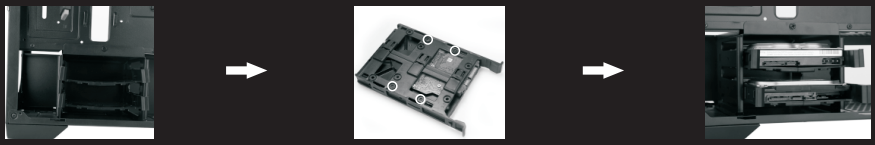

7. SSD placement in HDD tray.
8. Place the SSD in the tray.
9. Secure the SSD to the tray using screws.
10. Place the tray with the SSD in the hard drive bay.

3.5” HDD Installation (Combined SSD and HDD Placement)

1. Position the HDD.
2. Place the HDD in the corresponding slot.
3. Place the tray with the SSD in the hard drive bay.

Specifications

Model	Rare M2
Trademark	ARDOR GAMING
Type	ATX Midtower
Side panel window	4 mm tempered glass (2-bolt mounting)
Max CPU cooler height	165 mm
Power supply	Not included
Motherboard compatibility	E-ATX, ATX, mATX, ITX

Expansion	
Internal 2.5" drive bays	5
Internal 3.5" drive bays	2
Expansion slots	8
Top panel ports	2 × USB 3.0, 2 × USB 2.0, HD Audio
Cooling system	
Included fan	1 × 120 mm on rear panel 120BW
Physical characteristics	
Dimensions (D × W × H)	447 × 220 × 510 mm
Net weight	6.1 kg
Features	
Max GPU length	380 mm
Window	High-quality tempered side glass provides a view of internal system components
Cable management	Well-designed cable management system with rubber grommets at cable exit points
Isolated compartment	The power supply is installed in a special isolated compartment located at the bottom so that PSU heat does not affect system component operation
Air cooling support	3 × 120 / 2 × 140 mm on front panel 2 × 120 mm / 2 × 140 mm on top panel 1 × 120 mm on rear panel (1 fan included) 2 × 120 mm on PSU compartment
Liquid cooling support	Supports radiator installation: 120/240/280 mm on front panel 240/280 mm on top panel 120 mm on rear panel
Easy cooling system installation	Case layout allows installing new cooling elements without removing the motherboard
Dust protection	Dust filters installed on the top and bottom of the case

Fan

Model name	Rare 120BW
Airflow	Max 53.9 CFM
Operating voltage	12 V
Rotational speed	1200 RPM
Max noise level	< 24 dB
Bearing type	Hydrodynamic sleeve bearing
Service life	40,000 hours
Connection type	3-pin
Dimensions	120 × 120 × 25 mm
Number of blades	7

Package Contents

- PC case
- User manual

Warranty Information

The manufacturer warrants that the product is free from defects in materials and assembly. The warranty period commences on the date of purchase and applies only to new products. Warranty service includes free repair or replacement of defective parts that fail during the warranty period, provided the failure is not caused by consumer misuse and the product is operated in accordance with the user manual. Repairs or part replacements shall be performed at authorized service centers. Failure to follow the described safety precautions will void your warranty.

Warranty Period: 18 months

Service Life: 24 months
