Cooler Fans Reflect YF1203IR

User Manual

Dear Customer,

Thank you for your trust!

Our team fully shares your passion for computer games, which is why we put all our efforts into making your gaming experience unforgettable with our accessories for gamers. Wishing you new victories and the brightest impressions ahead!

Intended Use

The device is designed to dissipate heat from the internal space of the system unit.

Safety Precautions

- Do not make any modifications to the device's design.
- This device is not intended for commercial use.
- This device is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of appliance by a person responsible for their safety. Children should be supervised to ensure that they do not play with the device.
- Do not disassemble the device yourself to avoid electric shock. This device contains no user-serviceable parts.
- Maintenance and repairs should only be performed by qualified technicians at an authorized service center.

Specifications

- Model: Reflect YF1203IR
- Trademark: ARDOR GAMING
- Backlight type: ARGB
- Fan power connector type: 4-pin PWM
- Rated current: ≤ 0.14 A
- Rated voltage: 12 V
- Bearing type: hydrodynamic
- Lighting power connector type: ARGB 5V 3-pin
- Max. static pressure: 1.33 mm H₂O
- Speed: 600–1600 ($\pm 10\%$) RPM
- Airflow: 43.28 CFM
- Max. noise level: 26.49 dBA
- Dimensions: 120 × 120 × 25 mm
- Scope of application: Domestic

Connection Diagram

1. Additional power connector for parallel fan connection.
2. Additional ARGB connector for parallel fan lighting connection.
3. 4-pin power connector.
4. ARGB lighting connector (5 V) 3-pin.

Installing Fans

1. Turn off the computer, disconnect it from the power supply completely, and remove the computer side panel.
2. Secure the fans inside the case using the screws provided.
3. To determine the airflow direction of the fan, pay attention to the blade shape. If the blades are concave, air is drawn in from that side. On the opposite side, where the blades are convex, air is expelled.

Package Contents

- Fan
- User Manual
- Mounting screws

Rules and Conditions for Installation, Storage, Transportation, Sale (Distribution), and Disposal

- The installation and mounting conditions for the device are described in the “Installing Fans” section of this user manual.
- The device must be stored in its original packaging, on heated premises, both at the manufacturer’s and at the consumer’s sites. The ambient temperature should be between +5 °C and +40 °C, and the relative humidity should not exceed 80% (non-condensing). The storage area must be free from aggressive contaminants (e.g., acid or alkali vapors) that could cause corrosion.
- The device must be transported in a dry place.
- The device requires careful handling. Protect it from exposure to dust, dirt, impact, moisture, fire, and other hazards.
- Sale or distribution of the device must be carried out in accordance with local legislation.
- Upon expiration of the device’s service life, it must not be disposed of with unsorted household waste. Instead, it must be taken to an authorized collection point for electrical and electronic equipment for subsequent recycling and disposal in accordance with federal or local legislation. By ensuring proper disposal of this product, you help conserve natural resources and prevent potential harm to the environment and human health that may result from improper handling. For more detailed information about collection and disposal points for this product, please contact your local municipal authorities or your household waste disposal service.
- If a device malfunction is detected, immediately contact an authorized service center or dispose of the device.

Warranty Information

The manufacturer guarantees the device will function properly throughout the warranty period and be free from defects in materials and assembly. The warranty period commences on the date of purchase and applies to new products only. Warranty service includes free repair or replacement of defective parts that fail during the warranty period, provided the failure is not caused by consumer misuse and the product is operated in accordance with the user manual. Repairs or part replacements shall be performed at authorized service centers.

Warranty Period: 12 months

Service Life: 24 months
