Monitor Arm ARDOR GAMING Robo Flex

User Manual

Dear Customer,

Thank you for your trust!

Our team fully shares your passion for computer games, which is why we put all our efforts into making your gaming experience unforgettable with our accessories for gamers. Wishing you new victories and the brightest impressions ahead!

Intended Use

This product is designed to hold a monitor.

Safety Precautions

- This product is intended for indoor use only.
- Make sure the mounting surface can support the combined weight of all installed equipment and hardware.
- Installation of this product must be performed only by a qualified professional.
- Before installation, check that all parts listed in the contents list have been included. Contact the seller if any parts are missing or damaged.
- This product's hardware kit contains small parts that pose a choking hazard if swallowed. Keep these parts out of the reach of children.
- Follow the visual instructions provided in this manual. Use only the mounting hardware supplied with the product. Do not overtighten the screws, and check that all fasteners are secure once installation is complete.
- Check regularly (at least once every three months) that the mount remains securely fastened and safe to use.
- Do not exceed the maximum permissible load.
- Tighten the screws securely, but avoid overtightening, as this can damage the product and significantly weaken the mount's grip.
- Use the product only for its intended purpose. Never stand, hang, or climb on the product.
- Do not modify the product's design.
- This product and its hardware are not intended for use by children or persons with reduced physical, sensory, or mental capabilities, unless they are supervised by a person responsible for their safety.
- Do not allow children to play with the product.
- This product is not intended for commercial use.

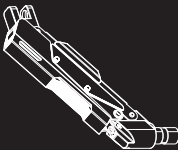

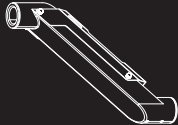

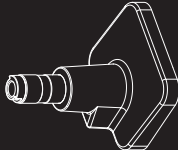

Specifications

- Model: Robo Flex
- Trademark: ARDOR GAMING
- Maximum screen size: 57"
- Minimum screen size: 24"
- Maximum load:
 - Flat screen: 30 kg
 - Curved screen: 24 kg
- Adjustment type: Tilt and swivel
- Swivel angle: 180°
- Upward tilt angle: -45°
- Downward tilt angle: 70°
- Compatible VESA standards: 75 × 75; 100 × 100; 100 × 200; 200 × 100; 200 × 200

8

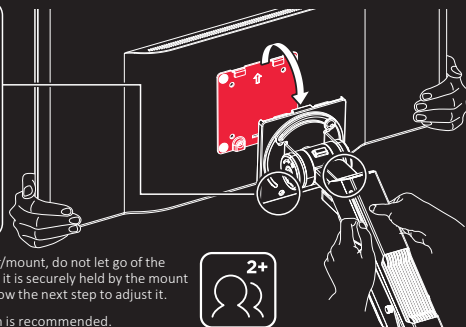

Note: If the handles (D1) get in the way when installing the monitor, use the screws (J) instead.

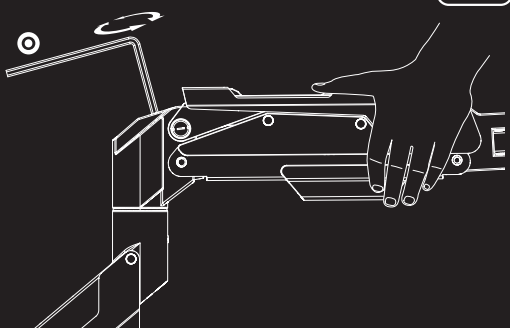

CAUTION! To avoid injury or damage to the monitor/mount, do not let go of the monitor immediately after attaching it — make sure it is securely held by the mount first. If the mount arm drops or rises on its own, follow the next step to adjust it.

Having at least two people perform the installation is recommended.

9

Having at least two people perform the installation is recommended.

Before and while adjusting the spring tension, **position the mount arm and hold it exactly level**, as shown in the diagram. Use the included hex key to make the adjustment.

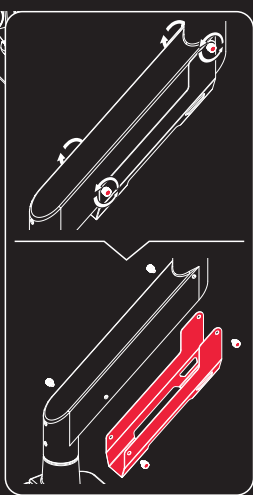

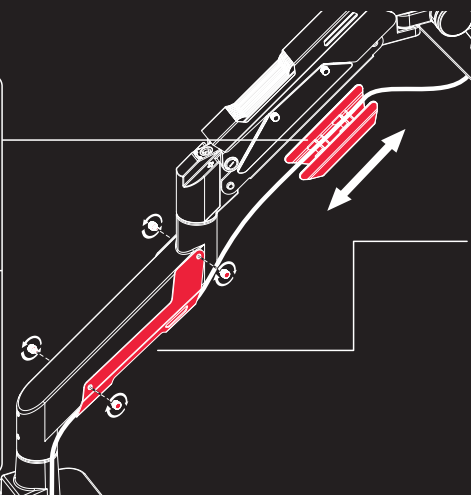

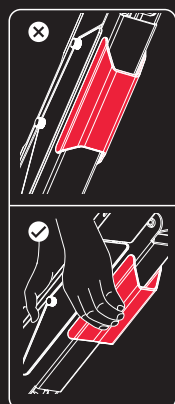

If the mount arm **drops** on its own, turn the adjustment screw **counterclockwise** until it stays level.

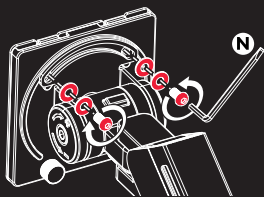

If the mount arm **rises** on its own, turn the adjustment screw **clockwise** until it stays level.

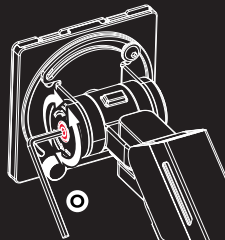

CAUTION! Do not overtighten the fasteners.

10

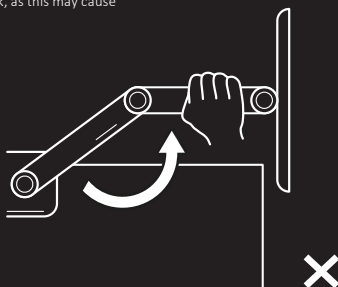

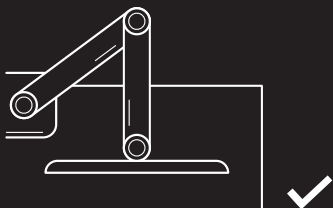

Note: To rotate the monitor counterclockwise, remove the screw from the back of the mounting plate and reinstall it on the other side, as shown in the diagram.

Note: If the monitor does not stop at the desired position, adjust the screw as shown in the diagram.

CAUTION! Do not rotate the monitor beyond the back edge of the desk, as this may cause it to tip over due to an unstable position

Rules and Conditions for Installation, Storage, Transportation, Sale (Distribution), and Disposal

- The installation and mounting conditions for the product are described in the «Assembly» section of this user manual.
- The product must be stored in its original packaging, on heated premises, both at the manufacturer's and at the consumer's sites. The ambient temperature should be between +5 °C and +40 °C, and the relative humidity should not exceed 80% (non-condensing). The storage area must be free from aggressive contaminants (e.g., acid or alkali vapors) that could cause corrosion.
- The product must be transported in a dry place.
- The product requires careful handling. Protect it from exposure to dust, dirt, impact, moisture, fire, and other hazards.
- Sale or distribution of the product must be carried out in accordance with local legislation.
- If product damage is detected, immediately contact an authorized service center or dispose of the product.
- Disposal of this product must be carried out in accordance with local waste recycling regulations. By ensuring proper disposal of this product, you help prevent potential harm to the environment and human health resulting from uncontrolled waste disposal and promote the sustainable reuse of material resources. For more detailed information on collection and disposal points for this product, please contact your local municipal authorities or household waste collection service.

Warranty Information

The manufacturer guarantees the product will function properly throughout the warranty period and be free from defects in materials and assembly. The warranty period commences on the date of purchase and applies to new products only. Warranty service includes free repair or replacement of defective parts that fail during the warranty period, provided the failure is not caused by consumer misuse and the product is operated in accordance with the user manual. Repairs or part replacements shall be performed at authorized service centers.

Warranty Period: 84 months

Service Life: 84 months
