Microphone ARDOR GAMING Vox

User Manual

Dear Customer,

Thank you for your trust!

Our team fully shares your passion for computer games, which is why we put all our efforts into making your gaming experience unforgettable with our accessories for gamers. Wishing you new victories and the brightest impressions ahead!

Intended Use

A microphone is an electroacoustic device designed to convert acoustic vibrations into an electrical signal.

Safety Precautions

- Store and operate the device at a normal temperature range of -10°C to +40°C. Do not store the device in areas with high humidity.
- Do not install the device near water sources or heating elements.
- The microphone is a highly sensitive device. Protect it from drops, impacts, and other damage.
- It is not recommended to connect this device to external audio systems or speakers, as this may affect recording quality and damage the device.
- Use only original accessories.
- This device is not intended for use by children or persons with reduced physical, sensory, or mental capabilities, unless they are supervised by a person responsible for their safety. Do not allow children to play with the device.
- This device is not intended for commercial use.

Specifications

- Model: Vox
- Trademark: ARDOR GAMING
- Intended use: Studio
- Microphone type: Dynamic
- Polar pattern: Supercardioid
- Operating voltage: 5 V
- Impedance: 580 Ω
- Signal-to-noise ratio: 65 dB
- Connectors: 3.5 mm jack, USB Type-C, XLR
- Sample rate: 24-bit / 96 kHz
- Sensitivity (XLR):-51 dB
- Sensitivity (USB):-8 dBFS $\pm$ 3 dBFS
- Material: Plastic
- Power cable length: 3 m
- Weight: 700 g
- Scope of application: Domestic

Package Contents

- Device
- USB Type-C cable
- USB Type-C to USB-A adapter
- Replacement pop filter
- User manual

9. Headphone volume control
10. Backlight on/off button
11. XLR connector

Operating Instructions

Signal Level / Mute

Mute button

Microphone gain control

- Press the «**M**» button to turn the microphone on/off.
- When the microphone is muted, the backlight will glow red.
- Turn the «**GAIN**» knob to adjust the microphone signal: clockwise to increase, counterclockwise to decrease.

Connecting to a Computer

Plug one end of the USB Type-C cable into the microphone's port, and connect the other end to the USB Type-C to USB-A adapter, which can then be plugged into a USB-A port on your computer.

Note: If your computer has a USB Type-C port, you can connect the microphone directly to it.

Setting Up Microphone Monitoring

1. Right-click the speaker icon in your computer's taskbar.
2. Select «Sound settings» from the menu.
3. Go to the «Input» section.
4. Click your microphone, «Ardor Gaming Vox», to open its «Properties».
5. Adjust the microphone settings as needed.

Note: The steps above apply to Windows 11 and may differ on devices running other operating systems.

Connecting Headphones

- Plug wired headphones into the 3.5 mm jack on the microphone.
- Adjust the headphones volume using the dial on the microphone.

Backlight

- Press the backlight button to change its color.
- Press and hold the button for 3 seconds to turn off the backlight.

Tilt Angle

- To adjust the microphone's tilt angle, loosen the locking knob and tilt the microphone as needed.
- To lock the device in a fixed position, fully tighten the locking knob.

Microphone Positioning

Rules and Conditions for Installation, Storage, Transportation, Sale (Distribution), and Disposal

- This device requires no assembly or mounting.
- The device must be stored in its original packaging, on heated premises, both at the manufacturer's and at the consumer's sites. The ambient temperature should be between +5 °C and +40 °C, and the relative humidity should not exceed 80% (non-condensing). The storage area must be free from aggressive contaminants (e.g., acid or alkali vapors) that could cause corrosion.
- The device must be transported in a dry place.
- The device requires careful handling. Protect it from exposure to dust, dirt, impact, moisture, fire, and other hazards.
- Sale or distribution of the device must be carried out in accordance with local legislation.
- Upon expiration of the device's service life, it must not be disposed of with unsorted household waste. Instead, it must be taken to an authorized collection point for electrical and electronic equipment for subsequent recycling and disposal in accordance with federal or local legislation. By ensuring proper disposal of this product, you help conserve natural resources and prevent potential harm to the environment and human health that may result from improper handling. For more detailed information about collection and disposal points for this product, please contact your local municipal authorities or your household waste disposal service.
- If a device malfunction is detected, immediately contact an authorized service center or dispose of the device.

Warranty Information

The manufacturer guarantees the device will function properly throughout the warranty period and be free from defects in materials and assembly. The warranty period commences on the date of purchase and applies to new products only. Warranty service includes free repair or replacement of defective parts that fail during the warranty period, provided the failure is not caused by consumer misuse and the product is operated in accordance with the user manual. Repairs or part replacements shall be performed at authorized service centers.

Warranty Period: 12 months

Service Life: 24 months
