

Bluetooth Adapter AT-BT501

DEXP

Dear Customer,

Thank you for choosing our products.

We are pleased to offer you appliances and devices designed and manufactured to the highest standards of quality, functionality, and design. Before using the device, please read this manual carefully. It contains important information regarding your safety, as well as recommendations for the proper use and care of the product. Please keep this manual in a safe place and use it as a reference guide during future operation of the product.

Intended Use

The device is designed to add Bluetooth support to PCs or laptops that are not equipped with a built-in Bluetooth module.

Operating Instructions

CAUTION: For proper operation of the device under the Linux operating system, the following packages must be installed: bluez, bluez-utils, bluez-deprecated-tools, and bluetoothctl, which are used for connecting Bluetooth devices.

1. Install the driver from the included disc. If your computer does not have a CD drive, download the driver from the product page in the «Drivers and Files» section on our website: <https://dns-shop.ru>.
2. Connect the Bluetooth adapter to an available USB connector on your computer. Wait for the OS to recognize the device.
3. After installing the driver, you can use the adapter to search for and connect to other compatible devices.
4. Start searching for new Bluetooth devices. This process varies depending on the operating system you are using. In Windows, this function is accessed by right-clicking the Bluetooth icon in the bottom right corner of the screen or through the Control Panel.

Note: Due to the influence of strong static, electrical, or high-frequency fields (radiation from radio equipment, mobile phones, microwave ovens), radio interference may occur. In this case, increase the distance from the interference sources.

Package Contents

- Device.
- Software CD.
- User manual.

Specifications

- Trademark: DEXP.
- Model: AT-BT501.
- Chip: RTL8761.
- Backward compatible with Bluetooth versions 1.2, 2.0, 2.1, 3.0, 4.0.
