Dear Customer,

Thank you for choosing our products.
We are pleased to offer you appliances and devices designed and manufactured to the highest standards of quality, functionality, and design. Before using the device, please read this manual carefully. It contains important information regarding your safety, as well as recommendations for the proper use and care of the product. Please keep this manual in a safe place and use it as a reference guide during future operation of the product.

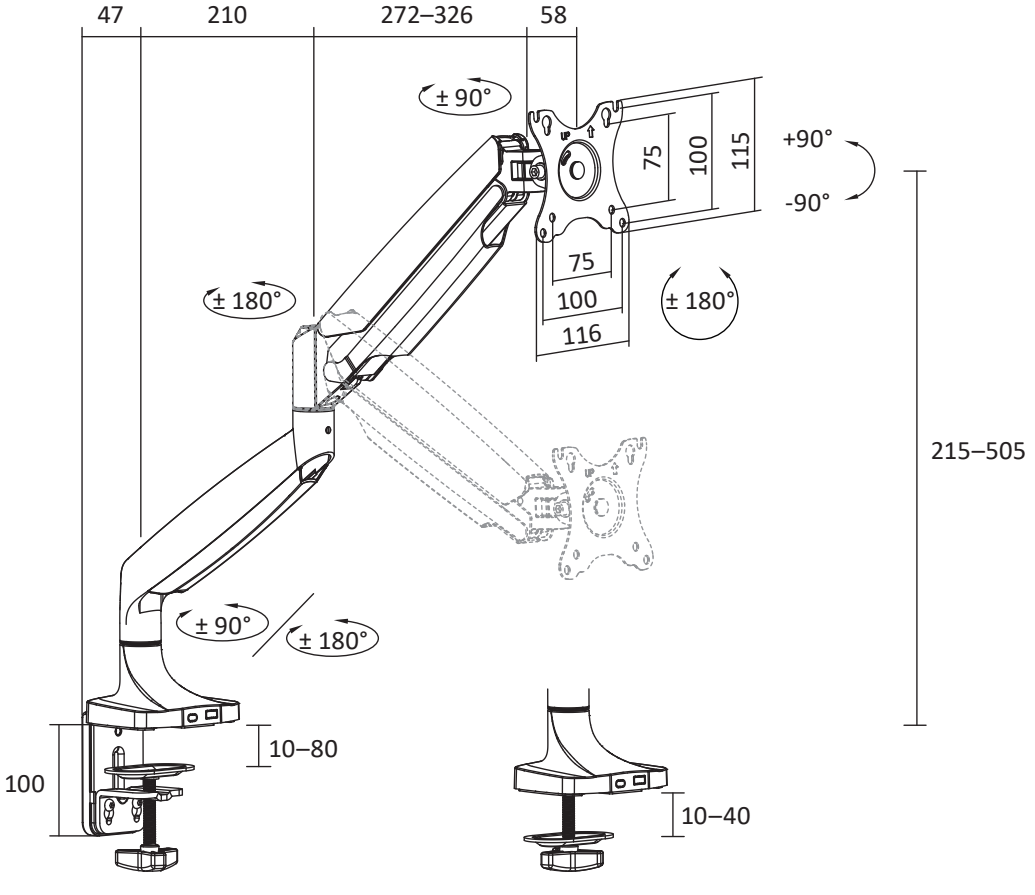

Intended Use

This product is designed for mounting a monitor.

Safety Precautions

- This mount is intended for indoor use only.
- The installation kit contains small parts that pose a choking hazard if swallowed. Keep these parts out of the reach of children.
- Use the screws included in the kit for installation. Tighten them securely, but do not overtighten. Excessive tightening may damage the components.
- Before assembling the mount and installing a monitor on it, verify the VESA standards, screen diagonal, and the maximum load capacity of the product. Using the mount with monitors that exceed the specified rated weight may result in instability and falling.
- Assembly and installation of the product must be carried out in accordance with the «Installation Instructions» section. Incorrect assembly may cause damage and injury.
- Installation of the mount may require specialized equipment, such as a power screwdriver and a drill (not included).
- Regularly check the reliability of the mount's attachment (approximately once every 3 months).
- Do not make any modifications to the design of the mount.
- This product is not intended for use by children or persons with reduced physical, sensory, or mental capabilities, unless they are supervised by a person responsible for their safety. Do not allow children to play with the product.
- This product is not intended for commercial use.

Dimensions

Note: Dimensions are specified in millimeters.

Specifications

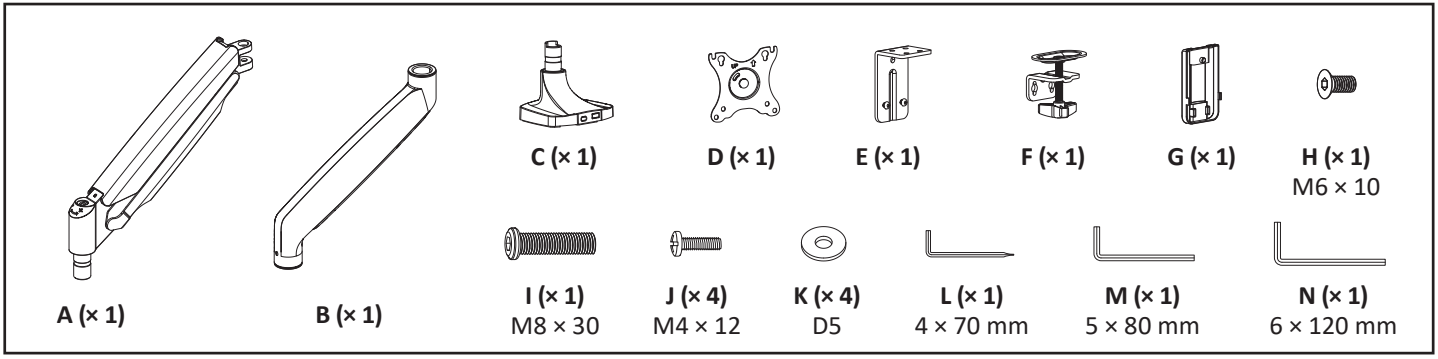

- Model: DMM-BWML02.
- Trademark: DEXP.
- Maximum load: 16 kg.
- Minimum screen size: 17”.
- Maximum screen size: 45”.
- Tilt angle (up/down): 90°.
- Swivel angle: 180°.
- VESA standards: 75 × 75 mm, 100 × 100 mm.
- Scope of application: Domestic.

Package Contents

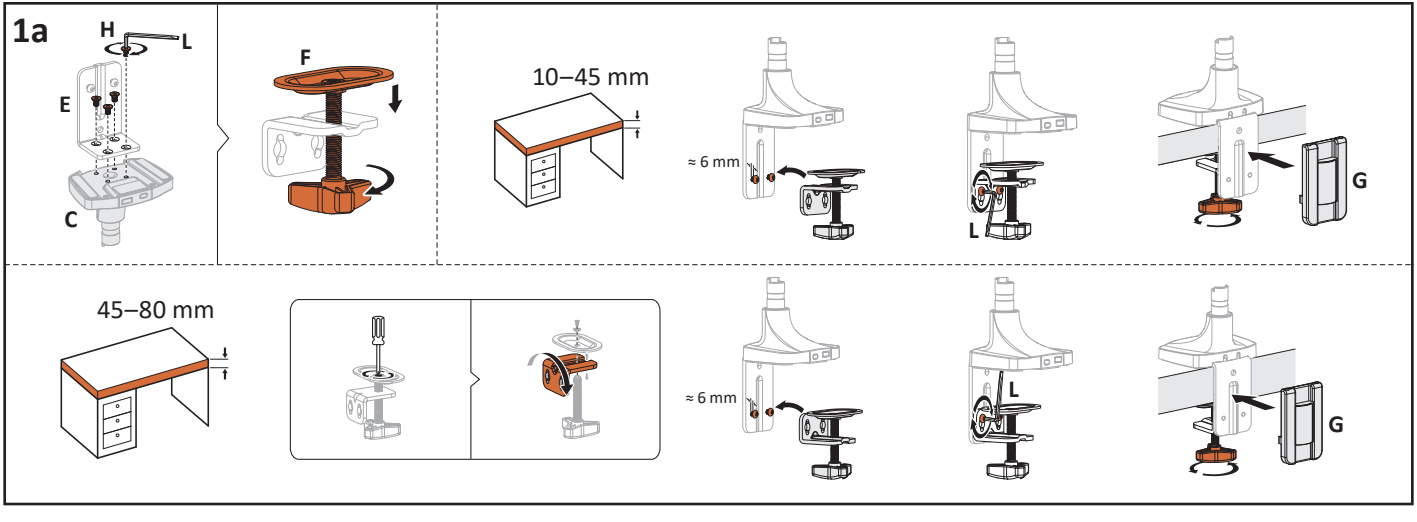

- Mount.
- Mounting hardware.
- User manual.

CAUTION!
Installation must be performed by at least 2 people.

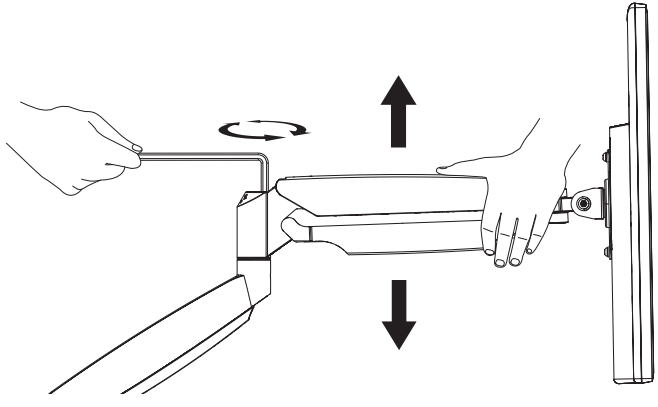

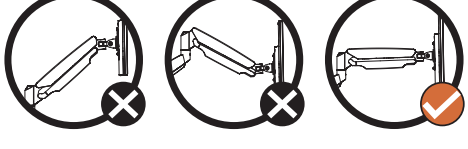

CAUTION! Installation must be performed by at least 2 people.

7

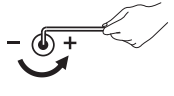

To adjust the mount with the monitor, tighten or loosen the screw using a hex key:

First, position the mount horizontally, as shown in the figure.

To avoid damaging the monitor or the mount, adjust the spring tension only when the mount is in a horizontal position.

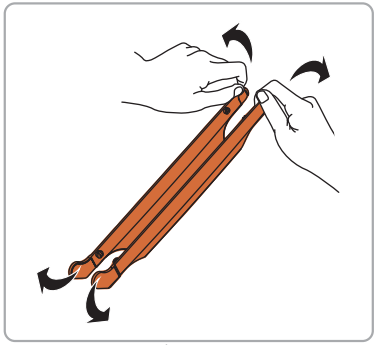

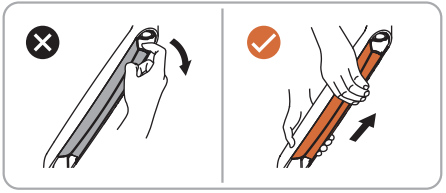

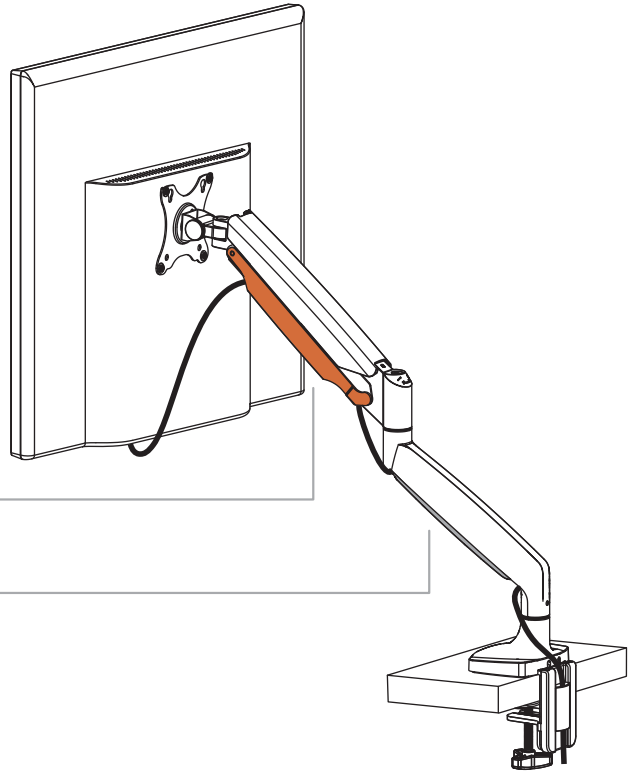

If the mount moves up or down on its own, turn the adjustment screw towards the «+» or «-» sign accordingly until it remains fixed in a horizontal position.

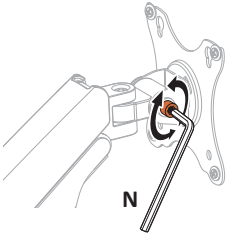

CAUTION!
Do not overtighten the screws.

8

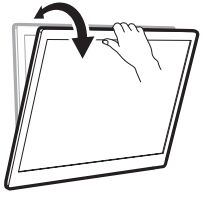

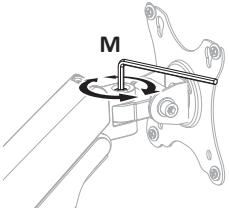

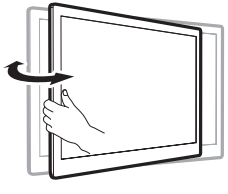

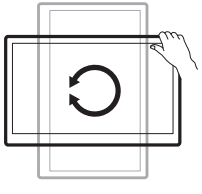

If the monitor does not stay in the desired position, adjust the screws as shown below.

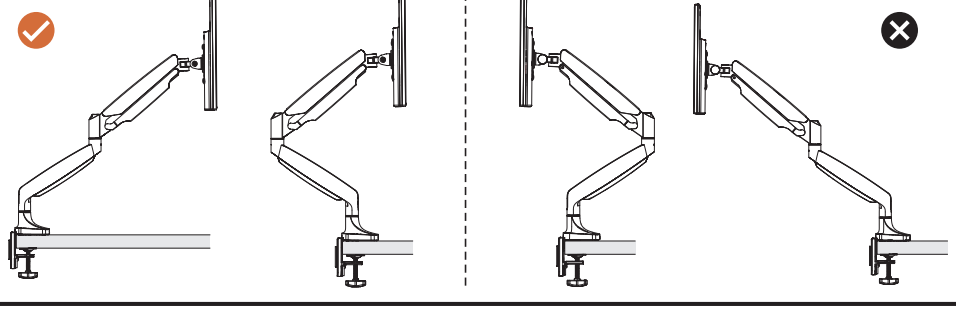

CAUTION!

Do not rotate the monitor beyond the edge of the desk to avoid instability and tipping over.

Rules and Conditions for Installation, Storage, Transportation, Sale (Distribution), and Disposal

- The installation and mounting conditions for the product are described in the «Installation Instructions» section of this user manual.
- The product must be stored in its original packaging, on heated premises, both at the manufacturer's and at the consumer's sites. The ambient temperature should be between +5 °C and +40 °C, and the relative humidity should not exceed 80% (non-condensing). The storage area must be free from aggressive contaminants (e.g., acid or alkali vapors) that could cause corrosion.
- The product must be transported under dry conditions.
- The product requires careful handling. Protect it from exposure to dust, dirt, impact, moisture, fire, and other hazards.
- Sale or distribution of the product must be carried out in accordance with local legislation.
- Disposal of this product must be carried out in accordance with local waste recycling regulations. By ensuring proper disposal of this product, you help prevent potential harm to the environment and human health resulting from uncontrolled waste disposal and promote the sustainable reuse of material resources. For more detailed information on collection and disposal points for this product, please contact your local municipal authorities or household waste collection service.
- If a product malfunction is detected, immediately contact an authorized service center or dispose of the product.

Warranty Information

The manufacturer warrants that the product is free from defects in materials and assembly. The warranty period commences on the date of purchase and applies only to new products. Warranty service includes free repair or replacement of defective parts that fail during the warranty period, provided the failure is not caused by consumer misuse and the product is operated in accordance with the user manual. Repairs or part replacements shall be performed at authorized service centers. Failure to follow the described safety precautions will void your warranty.

Warranty Period: 84 months
Service Life: 84 months
