Dear Customer,

Thank you for choosing our products.

We are pleased to offer you appliances and devices designed and manufactured to the highest standards of quality, functionality, and design. Before using the device, please read this manual carefully. It contains important information regarding your safety, as well as recommendations for the proper use and care of the product. Please keep this manual in a safe place and use it as a reference guide during future operation of the product.

Intended Use

The device is designed to prevent laptop overheating.

Safety Precautions

- Immediately disconnect the device from the power supply in case of a malfunction, or if the power cable or plug is damaged. Contact an authorized service center.
- Do not touch the moving parts of the device.
- Do not use this device in close proximity to water sources. Never expose the device to running water or immerse it in water.
- Do not disassemble the device yourself to avoid electric shock. This device contains no user-serviceable parts. Maintenance and repairs must be performed only by qualified specialists at an authorized service center.
- This device is not intended for use by children or persons with reduced physical, sensory, or mental capabilities, unless they are supervised by a person responsible for their safety. Do not allow children to play with the device.
- This device is not intended for commercial use.

Specifications

- Model: DGLS-A81.
- Trademark: DEXP.
- Power supply: 5 V.
- Maximum laptop screen size: 18".
- Backlight: RGB.
- Fan speed: 300–1700 RPM.
- Material: Plastic.
- Noise level: 53 dB.
- Number of fans: 1.
- Fan size: 120 × 120 mm.
- Additional USB ports: 1.
- Dimensions (W × D × H): 420 × 320 × 55 mm.
- Scope of application: Domestic.

Package Contents

- Device.
- Power cable.
- Dual spacer.
- Full-size spacer.
- Dust filter.
- User manual

Device Diagram

1. Fan.
2. RGB lighting.
3. Spacer.
4. Anti-slip feet.
5. Power button.
6. Backlight on / off / mode button.
7. Display.
8. Fan speed control dial.
9. Phone holder slot*.

* The holder is located on the rear panel of the device.

Operating Instructions

CAUTION: Connect the device only to a USB 3.0 port.

1. Place the cooling pad on a flat, stable surface (e.g., a desk).
2. Adjust the device to the desired tilt angle.
3. If necessary, attach the spacer (dual-height or full-size, included in the package). It is equipped with magnets for secure attachment to the device.
4. Place the laptop onto the device.
5. Connect the device using the power cable.
6. To turn on the device, press and hold the Power button.
7. To turn the backlight on or off, press and hold the Backlight button.
8. Press the Backlight button repeatedly to cycle through the available lighting modes.
9. Adjust the fan airflow speed using the control dial: scroll up to increase the speed and down to decrease it. The set speed will be displayed on the device's screen.
10. To turn off the device, press and hold the power button.

Maintenance and Care

- Regularly wipe the device with a slightly damp cloth to remove dust and dirt.
- A dust filter is located at the rear of the fan. If it becomes worn or clogged, replace it with the spare filter included in the package.

Rules and Conditions for Installation, Storage, Transportation, Sale (Distribution), and Disposal

- This device requires no assembly or mounting.
- The device must be stored in its original packaging, on heated premises, both at the manufacturer's and at the consumer's sites. The ambient temperature should be between +5 °C and +40 °C, and the relative humidity should not exceed 80% (non-condensing). The storage area must be free from aggressive contaminants (e.g., acid or alkali vapors) that could cause corrosion.
- The device must be transported in a dry place.
- The device requires careful handling. Protect it from exposure to dust, dirt, impact, moisture, fire, and other hazards.
- Sale or distribution of the device must be carried out in accordance with local legislation.
- Upon expiration of the device's service life, it must not be disposed of with unsorted household waste. Instead, it must be taken to an authorized collection point for electrical and electronic equipment for subsequent recycling and disposal in accordance with federal or local legislation. By ensuring proper disposal of this product, you help conserve natural resources and prevent potential harm to the environment and human health that may result from improper handling. For more detailed information about collection and disposal points for this product, please contact your local municipal authorities or your household waste disposal service.
- If a device malfunction is detected, immediately contact an authorized service center or dispose of the device.

Warranty Information

The manufacturer guarantees the device will function properly throughout the warranty period and be free from defects in materials and assembly. The warranty period commences on the date of purchase and applies to new products only. Warranty service includes free repair or replacement of defective parts that fail during the warranty period, provided the failure is not caused by consumer misuse and the product is operated in accordance with the user manual. Repairs or part replacements shall be performed at authorized service centers.

Warranty Period: 18 months

Service Life: 24 months
