

User Manual

Surge protector
Home&Office SE3631

DEXP

Dear Customer,

Thank you for choosing our products.

We are pleased to offer you appliances and devices designed and manufactured to the highest standards of quality, functionality, and design. Before using the device, please read this manual carefully. It contains important information regarding your safety, as well as recommendations for the proper use and care of the product. Please keep this manual in a safe place and use it as a reference guide during future operation of the product.

Intended Use

The surge protector is designed for connecting electrical devices in locations remote from fixed power outlets.

Safety Precautions

1. Use grounded power outlets that comply with the specifications of this device.
2. Do not use the device outdoors.
3. Do not use the device near sources of water or other liquids. Never place the device under running water or immerse it in water.
4. Do not place the device near heat sources or open flames.
5. Do not cover the surge protector or place any objects on it.
6. Do not disassemble the device yourself to avoid electric shock. This device contains no user-serviceable parts. Maintenance and repairs should only be performed by qualified technicians at an authorized service center.
7. Do not use the device if visible damage is detected. Unplug it immediately and contact an authorized service center.

Operating Instructions

1. Connect all necessary devices to the surge protector.
2. Plug the surge protector into the outlet and press the power button.
3. The device should be cleaned only with a dry cloth. Before cleaning, make sure the device is unplugged from the power outlet.

Rules and Conditions for Installation, Storage, Transportation, Sale (Distribution), and Disposal

- This device requires no assembly or mounting.
- The device must be stored in its original packaging, on heated premises, both at the manufacturer's and at the consumer's sites. The ambient temperature should be between +5 °C and +40 °C, and the relative humidity should not exceed 80% (non-condensing). The storage area must be free from aggressive contaminants (e.g., acid or alkali vapors) that could cause corrosion.
- The device must be transported in a dry place.
- The device requires careful handling. Protect it from exposure to dust, dirt, impact, moisture, fire, and other hazards.
- Sale or distribution of the device must be carried out in accordance with local legislation.
- Upon expiration of the device's service life, it must not be disposed of with unsorted household waste. Instead, it must be taken to an authorized collection point for electrical and electronic equipment for subsequent recycling and disposal in accordance

with federal or local legislation. By ensuring proper disposal of this product, you help conserve natural resources and prevent potential harm to the environment and human health that may result from improper handling. For more detailed information about collection and disposal points for this product, please contact your local municipal authorities or your household waste disposal service.

- If a device malfunction is detected, immediately contact an authorized service center or dispose of the device.

Specifications

- Model: Home&Office SE3631.
- Trademark: DEXP.
- Number of output sockets: 3 pcs.
- Material: heat-resistant PVC.
- Max. input voltage for the socket outlet: 250 V, 10 A.
- Max. output voltage for the socket outlet: 250 V, 10 A.
- Maximum connected load power: 2500 W.
- Maximum load current: 10 A.
- USB port power: 17 W.
- Number of USB output ports: 6 pcs.
- Input voltage for USB ports: 100-240 V, 0.6 A, 50-60 Hz.
- Output voltage for USB ports: 5 V, 3.4 A.
- Power cord length: 2 m.
- Power button: Yes.
- Universal sockets: Compatible with EU standards.
- Protection class: I.
- IP code: IP00.
- Scope of application: Domestic.

Warranty Information

The manufacturer guarantees the device will function properly throughout the warranty period and be free from defects in materials and assembly. The warranty period commences on the date of purchase and applies to new products only. Warranty service includes free repair or replacement of defective parts that fail during the warranty period, provided the failure is not caused by consumer misuse and the product is operated in accordance with the user manual. Repairs or part replacements shall be performed at authorized service centers.

Warranty Period: 60 months

Service Life: 60 months
