Dear Customer,

Thank you for choosing our products.

We are pleased to offer you appliances and devices designed and manufactured to the highest standards of quality, functionality, and design. Before using the device, please read this manual carefully. It contains important information regarding your safety, as well as recommendations for the proper use and care of the product. Please keep this manual in a safe place and use it as a reference guide during future operation of the product.

Intended Use

The car mount is designed for securing mobile devices inside a vehicle.

Safety Precautions

- If a mobile phone falls from the mount, stop the vehicle according to traffic rules to pick it up. Do not pick up a mobile phone while driving.
- Do not use this product while driving and do not perform any actions that may distract you.
- Do not install the mount on a vehicle airbag.
- Regularly check the mounting strength of the mount.
- Ensure that the mount does not obstruct the view and does not interfere with vehicle control or the operation of safety systems.
- This product is not intended for use by children or persons with reduced physical, sensory, or mental capabilities, unless they are supervised by a person responsible for their safety. Do not allow children to play with the product.
- This product is not intended for commercial use.

Installation Instructions

1. Insert the joint into the swivel connection and tighten the locking nut.

2. Wipe the windshield and dashboard with a dry cloth, depending on where the mount will be attached.

3. Remove the protective film from the vacuum suction cup. Place the mount on the glass or panel, then press down on the locking lever to secure the mount.

4. Adjust the length of the telescopic arm and place the stabilizer as close to the joint as possible.

Note: To securely fix the vacuum suction cup, press it for 8–10 seconds and leave it for 24 hours before using the mount.

5. Press the button on the back of the mount to unlock the clamps.

6. Place the phone in the mount and secure it with the clamps. Ensure that the phone is fully resting on the mount.

Notes

- To change the angle of the mount, turn the adjustment screw.
- To detach the mount:

1. Lift the locking lever.
2. Lift the tab of the vacuum suction cup.

Additional Fixation

To secure the stabilizer even more reliably, attach it to the dashboard using 3M tape.

Specifications

- Model: i02-S1.
- Trademark: DEXP.
- Material: Plastic.
- Scope of application: Domestic.

Package Contents

- Car mount.
- User manual.

Rules and Conditions for Installation, Storage, Transportation, Sale (Distribution), and Disposal

- The installation and mounting conditions for the product are described in the «Installation Instructions» section of this user manual.
- The product must be stored in its original packaging, on heated premises, both at the manufacturer's and at the consumer's sites. The ambient temperature should be between +5 °C and +40 °C, and the relative humidity should not exceed 80% (non-condensing). The storage area must be free from aggressive contaminants (e.g., acid or alkali vapors) that could cause corrosion.
- The product must be transported in a dry place.
- The product requires careful handling. Protect it from exposure to dust, dirt, impact, moisture, fire, and other hazards.
- Sale or distribution of the product must be carried out in accordance with local legislation.
- If a product malfunction is detected, immediately contact an authorized service center or dispose of the product.
- Upon expiration of the product's service life, it must not be disposed of with unsorted household waste. Instead, it must be taken to an authorized collection point for electrical and electronic equipment for subsequent recycling and disposal in accordance with federal or local legislation. By ensuring proper disposal of this product, you help conserve natural resources and prevent potential harm to the environment and human health that may result from improper handling. For more detailed information about collection and disposal points for this product, please contact your local municipal authorities or your household waste disposal service.

Warranty Information

The manufacturer guarantees the product will function properly throughout the warranty period and be free from defects in materials and assembly. The warranty period commences on the date of purchase and applies to new products only. Warranty service includes free repair or replacement of defective parts that fail during the warranty period, provided the failure is not caused by consumer misuse and the product is operated in accordance with the user manual. Repairs or part replacements shall be performed at authorized service centers.

Warranty Period: 12 months

Service Life: 24 months
