

## Intensity 418WU, Intensity 418BU

### User Manual

### Dear Customer,

Thank you for choosing our products.

We are pleased to offer you appliances and devices designed and manufactured to the highest standards of quality, functionality, and design. Before using the device, please read this manual carefully. It contains important information regarding your safety, as well as recommendations for the proper use and care of the product. Please keep this manual in a safe place and use it as a reference guide during future operation of the product.

### Intended Use

The surge protector is designed for connecting electrical devices in locations remote from fixed power outlets.

### Safety Precautions

- Use this device indoors only.
- Do not place this device near water sources.
- Never place the device under running water or immerse it in water.
- Do not cover the surge protector or place any objects on it.
- Keep the device away from powerful heat sources.
- Do not disassemble the device yourself to avoid electric shock. This device contains no user-serviceable parts. Maintenance and repairs should only be performed by qualified technicians at an authorized service center.
- Do not use the device if visible damage is detected. Contact an authorized service center.
- This device is not intended for commercial use.
- This device is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of appliance by a person responsible for their safety. Children should be supervised to ensure that they do not play with the device.

### Operating Instructions

1. Connect all necessary devices to the surge protector.
2. Plug the surge protector into the power outlet.
3. Switch the surge protector to the «On» position.

### Rules and Conditions for Installation, Storage, Transportation, Sale (Distribution), and Disposal

- This device requires no assembly or mounting.
- The device must be stored in its original packaging, on heated premises, both at the manufacturer's and at the consumer's sites. The ambient temperature should be between +5 °C and +40 °C, and the relative humidity should not exceed 80% (non-condensing). The storage area must be free from aggressive contaminants (e.g., acid or alkali vapors) that could cause corrosion.
- The device must be transported in a dry place.
- The device requires careful handling. Protect it from exposure to dust, dirt, impact, moisture, fire, and other hazards.

- Sale or distribution of the device must be carried out in accordance with local legislation.
- Upon expiration of the device's service life, it must not be disposed of with unsorted household waste. Instead, it must be taken to an authorized collection point for electrical and electronic equipment for subsequent recycling and disposal in accordance with federal or local legislation. By ensuring proper disposal of this product, you help conserve natural resources and prevent potential harm to the environment and human health that may result from improper handling.
- If a device malfunction is detected, immediately contact an authorized service center or dispose of the device.

## Specifications

- Model: Intensity 418WU, Intensity 418BU
- Trademark: DEXP
- Number of output sockets: 4 pcs
- Power supply parameters: 220–240 V, 50 Hz
- Number of USB output ports: 3 pcs
- USB port parameters: 5 V = 2.4 A
- Maximum connected load power: 3680 W
- Maximum load current: 16 A
- Cable length: 1.8 m
- Power switch: Yes
- IP code: IP20
- Protection class: I
- Cord type: Y
- Package Contents: surge protector, user manual

## Warranty Information

The manufacturer guarantees the device will function properly throughout the warranty period and be free from defects in materials and assembly. The warranty period commences on the date of purchase and applies to new products only. Warranty service includes free repair or replacement of defective parts that fail during the warranty period, provided the failure is not caused by consumer misuse and the product is operated in accordance with the user manual. Repairs or part replacements shall be performed at authorized service centers.

**Warranty Period:** 60 months

**Service Life:** 60 months
