Dear Customer,

Thank you for choosing our products.

We are pleased to offer you appliances and devices designed and manufactured to the highest standards of quality, functionality, and design. Before using the device, please read this manual carefully. It contains important information regarding your safety, as well as recommendations for the proper use and care of the product. Please keep this manual in a safe place and use it as a reference guide during future operation of the product.

Intended Use

This product is designed to hold one or several monitors.

Safety Precautions

- This product is intended for indoor use only.
- Make sure the mounting surface can support the weight of all installed equipment and hardware.
- Installation of this product must be performed only by a qualified professional.
- Before installation, make sure you have received all parts listed in the parts list. If any parts are missing or damaged, contact the seller.
- This product's hardware kit contains small parts that pose a choking hazard if swallowed. Keep these parts out of the reach of children.
- Follow the visual instructions provided in this manual. Use only the mounting hardware supplied with the product. Do not overtighten the screws. Check that all fasteners are secure once installation is complete.
- Check regularly (at least once every three months) that the mount remains securely fastened and safe to use.
- This product and its hardware are not intended for use by children or persons with reduced physical, sensory, or mental capabilities, unless they are supervised by a person responsible for their safety. Do not allow children to play with the product.
- This product is not intended for commercial use.

Specifications

- Model: MV32-G02.
- Trademark: DEXP.
- Maximum load: 12 kg.
- Minimum mounting size (VESA standard): 75 × 75 mm.
- Maximum mounting size (VESA standard): 100 × 100 mm.
- Adjustment type: Tilt and swivel.
- Tilt: -30° to 85°.
- Swivel: 360°.
- Rotation: 360°.
- Screen size (inches): 22–32”.
- Scope of application: Domestic.
- Package contents: Mount, hardware kit, user manual.

Rules and Conditions for Installation, Storage, Transportation, Sale (Distribution), and Disposal

- The installation and mounting conditions for the product are described in the «Installation Instructions» section of this user manual.
- The product must be stored in its original packaging, on heated premises, both at the manufacturer's and at the consumer's sites. The ambient temperature should be between +5 °C and +40 °C, and the relative humidity should not exceed 80% (non-condensing). The storage area must be free from aggressive contaminants (e.g., acid or alkali vapors) that could cause corrosion.
- The product must be transported in a dry place.
- The product requires careful handling. Protect it from exposure to dust, dirt, impact, moisture, fire, and other hazards.
- Sale or distribution of the product must be carried out in accordance with local legislation.
- If product damage is detected, immediately contact an authorized service center or dispose of the product.
- Disposal of this product must be carried out in accordance with local waste recycling regulations. By ensuring proper disposal of this product, you help prevent potential harm to the environment and human health resulting from uncontrolled waste disposal and promote the sustainable reuse of material resources. For more detailed information on collection and disposal points for this product, please contact your local municipal authorities or household waste collection service.

Warranty Information

The manufacturer guarantees the product will function properly throughout the warranty period and be free from defects in materials and assembly. The warranty period commences on the date of purchase and applies to new products only. Warranty service includes free repair or replacement of defective parts that fail during the warranty period, provided the failure is not caused by consumer misuse and the product is operated in accordance with the user manual. Repairs or part replacements shall be performed at authorized service centers.

Warranty Period: 84 months

Service Life: 84 months
