Dear Customer,

Thank you for choosing our products.

We are pleased to offer you appliances and devices designed and manufactured to the highest standards of quality, functionality, and design. Before using the device, please read this manual carefully. It contains important information regarding your safety, as well as recommendations for the proper use and care of the product. Please keep this manual in a safe place and use it as a reference guide during future operation of the product.

Intended Use

The gaming desk is designed to accommodate a computer and gaming peripherals, as well as to provide comfortable conditions for the user.

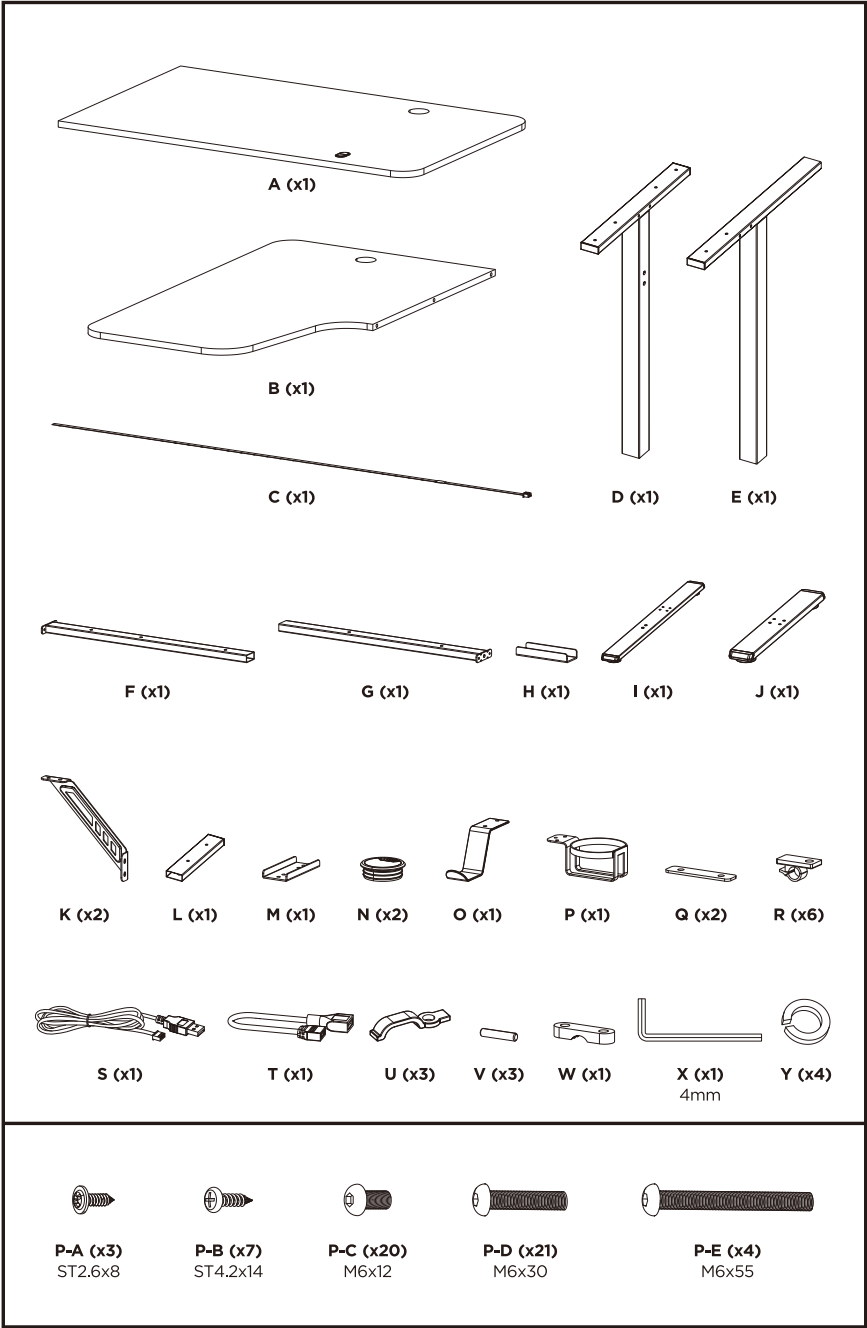

Safety Precautions

- Read this manual before assembling the product. If you have any questions, contact your local sales representative.
- This product is intended for indoor use only.
- Assemble the product in strict accordance with the provided instructions. Assembly should be performed by certified specialists.
- The assembly kit contains small parts that pose a choking hazard if swallowed. Keep these parts out of the reach of children.
- Regularly (at least once every 3 months) check the reliability of the fasteners and tighten the screws if necessary.
- Do not exceed the maximum permissible load on the desk.
- Use the furniture only for its intended functional purpose.
- During operation, prevent water and other liquids from coming into contact with the furniture elements touching the floor.
- Do not use the product if the USB cable is damaged.
- This product is not intended for commercial use.

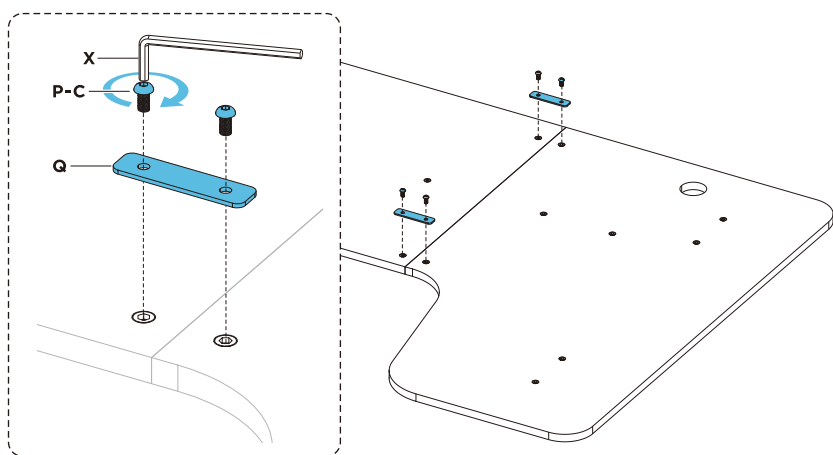

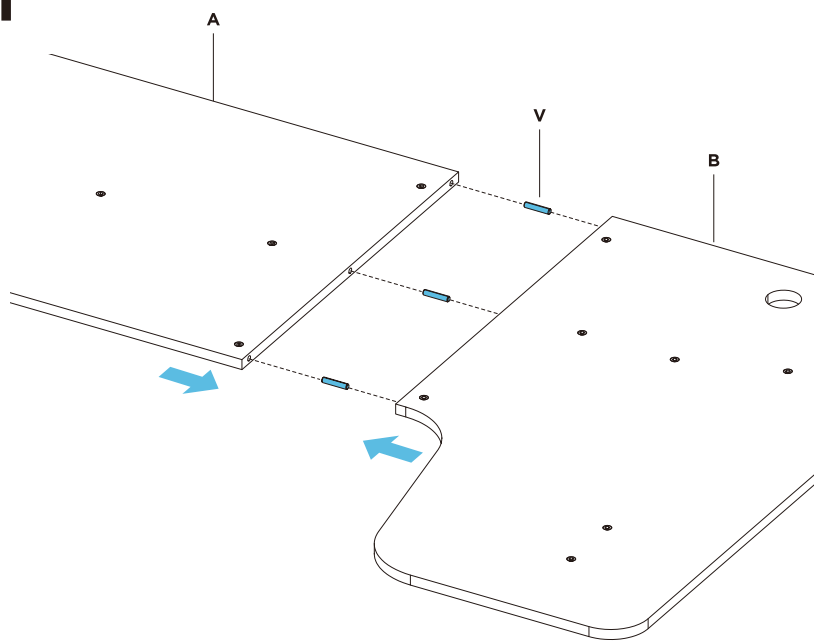

Specifications

Lighting Control

The desk is equipped with a lighting controller.

- Press and hold the «MODE» button to turn the backlighting on/off.
- Press the «MODE» button to switch between backlighting modes.
- Press the «COLOR» button to select the backlighting color.

Available Lighting Modes

- Static color (8 colors available: red, green, blue, cyan, yellow, white, pink, orange).
- Breathing (color modes: red, green, blue, cyan, yellow, white, pink, multi-color).
- Rainbow.
- Static multi-color.

Lighting Control from an External Device

- Press the «MODE» button twice until the controller indicator dims — the external controller lighting mode is enabled.
- Connect the desk to a device equipped with a lighting controller using the included T-cable.

Lighting Control on External Devices

- Press the «MODE» button twice until the controller indicator starts flashing slowly — external device lighting control mode is activated.
- Connect the desk to lighting-equipped devices via an ARGB splitter (not included).

Rules and Conditions for Installation, Storage, Transportation, Sale (Distribution), and Disposal

- The installation and mounting conditions for the product are described in the «Assembly Instructions» section of this user manual.
- The product must be stored in its original packaging, on heated premises, both at the manufacturer's and at the consumer's sites. The ambient temperature should be between +5 °C and +40 °C, and the relative humidity should not exceed 80% (non-condensing). The storage area must be free from aggressive contaminants (e.g., acid or alkali vapors) that could cause corrosion.
- The product must be transported in a dry place.
- The product requires careful handling. Protect it from exposure to dust, dirt, impact, moisture, fire, and other hazards.
- Sale or distribution of the product must be carried out in accordance with local legislation.
- Upon expiration of the product's service life, it must not be disposed of with unsorted household waste. Instead, it must be taken to an authorized collection point for electrical and electronic equipment for subsequent recycling and disposal in accordance with federal or local legislation. By ensuring proper disposal of this product, you help conserve natural resources and prevent potential harm to the environment and human health that may result from improper handling. For more detailed information about collection and disposal points for this product, please contact your local municipal authorities or your household waste disposal service.
- If product damage is detected, immediately contact an authorized service center or dispose of the product.

Warranty Information

The manufacturer guarantees the product will function properly throughout the warranty period and be free from defects in materials and assembly. The warranty period commences on the date of purchase and applies to new products only. Warranty service includes free repair or replacement of defective parts that fail during the warranty period, provided the failure is not caused by consumer misuse and the product is operated in accordance with the user manual. Repairs or part replacements shall be performed at authorized service centers.

Warranty Period: 36 months

Service Life: 36 months
