

User Manual

Gaming Desk
Tomton 110 RGB

DEXP

Dear Customer,

Thank you for choosing our products.

We are pleased to offer you appliances and devices designed and manufactured to the highest standards of quality, functionality, and design. Before using the device, please read this manual carefully. It contains important information regarding your safety, as well as recommendations for the proper use and care of the product. Please keep this manual in a safe place and use it as a reference guide during future operation of the product.

Intended Use

The gaming desk is designed to accommodate a computer and gaming peripherals, as well as to provide comfortable conditions for the user.

Safety Precautions

- Read this manual carefully before starting assembly. If you have any questions, please contact your local retail representative.
- This product is intended for indoor use only.
- Assemble the product strictly in accordance with the provided instructions. Assembly should be performed by qualified personnel.
- The assembly kit contains small parts that pose a choking hazard if swallowed. Keep these parts out of the reach of children.
- Regularly (at least once every 3 months) check the reliability of the fastenings and tighten the screws if necessary.
- Do not exceed the maximum load capacity of the desk.
- Use the furniture only for its intended purpose.
- During use, prevent water and other liquids from coming into contact with the floor-level components of the product.
- Do not use the product if the USB cable is damaged.

Rules and Conditions for Installation, Storage, Transportation, Sale (Distribution), and Disposal

- The installation and mounting conditions for the device are described in the «Assembly Instructions» section of this user manual.
- The device must be stored in its original packaging, on heated premises, both at the manufacturer's and at the consumer's sites. The ambient temperature should be between +5 °C and +40 °C, and the relative humidity should not exceed 80% (non-condensing). The storage area must be free from aggressive contaminants (e.g., acid or alkali vapors) that could cause corrosion.
- The device must be transported in a dry place.
- The device requires careful handling. Protect it from exposure to dust, dirt, impact, moisture, fire, and other hazards.
- Sale or distribution of the device must be carried out in accordance with local legislation.
- Upon expiration of the device's service life, it must not be disposed of with unsorted household waste. Instead, it must be taken to an authorized collection point for electrical and electronic equipment for subsequent recycling and disposal in accordance with federal or local legislation. By ensuring proper disposal of this product, you help conserve natural resources and prevent potential harm to the environment and human health that may result from improper handling. For more detailed information about collection and disposal points for this product, please contact your local municipal authorities or your household waste disposal service.
- If a device malfunction is detected, immediately contact an authorized service center or dispose of the device.
