Dear Customer,

Thank you for choosing our products.
We are pleased to offer you products and devices designed and manufactured to the highest standards of quality, functionality, and design. Before using the product, please read this manual carefully. It contains important information regarding your safety, as well as recommendations for the proper use and care of the product. Please keep this manual in a safe place and use it as a reference guide during future operation of the product.

Intended Use

The docking station is designed to connect multiple digital devices simultaneously for power delivery and data, audio, and video transmission.

Safety Precautions

- Do not place the device under a stream of water or fully submerge it in water.
- Do not place the device near powerful heat sources.
- Do not disassemble, drop, or shake the device.
- Do not use the device with damaged cables.
- Immediately disconnect the device if water comes into contact with it.
- Disconnect the unused device from the USB port.
- Avoid exposing the device to moisture, liquids, vapors, and dust.
- The device is not intended for use by children or persons with reduced physical, sensory, or mental capabilities, unless they are supervised by persons responsible for their safety. Do not allow children to play with the device.
- The device is not intended for commercial use.

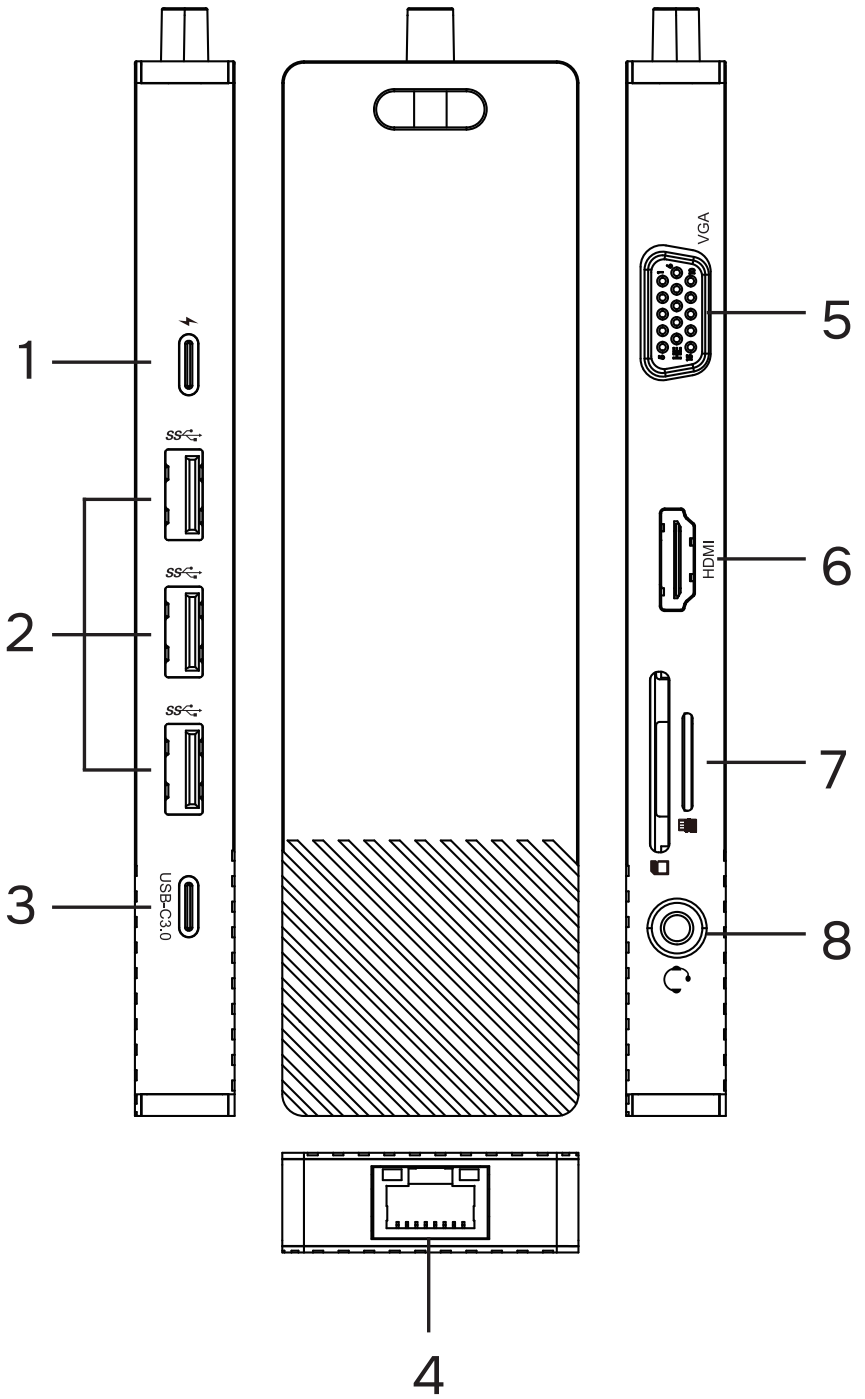

Specifications

- Model: KDS-DC4BD.
- Trademark: KEYRON.
- Connectors:
  - 3.5 mm audio jack.
  - HDMI 2.0 port (3840 × 2160 (4K), 60 Hz).
  - VGA port (1920 × 1080, 60 Hz).
  - SD/TF 3.0 memory card slot.
  - LAN network port (1000 Mbps).
  - USB-C (PD input 100 W / PD output 90 W).
  - USB 3.2 Gen 1 Type-A × 3.
  - USB 3.2 Gen 1 Type-C.
- Max. USB data transfer rate: 5 Gbps.
- OS compatibility: Windows / macOS / Linux / Google Chrome OS.
- OTG support: Yes.
- Host connection interface: USB Type-C.
- Scope of application: Domestic.

Package Contents

- Device.
- User manual.

Device Diagram

1. USB-C (PD) port.
2. USB-A port.
3. USB-C port.
4. RJ45 port.
5. VGA port.
6. HDMI port.
7. SD/TF card slot.
8. 3.5 mm audio jack.

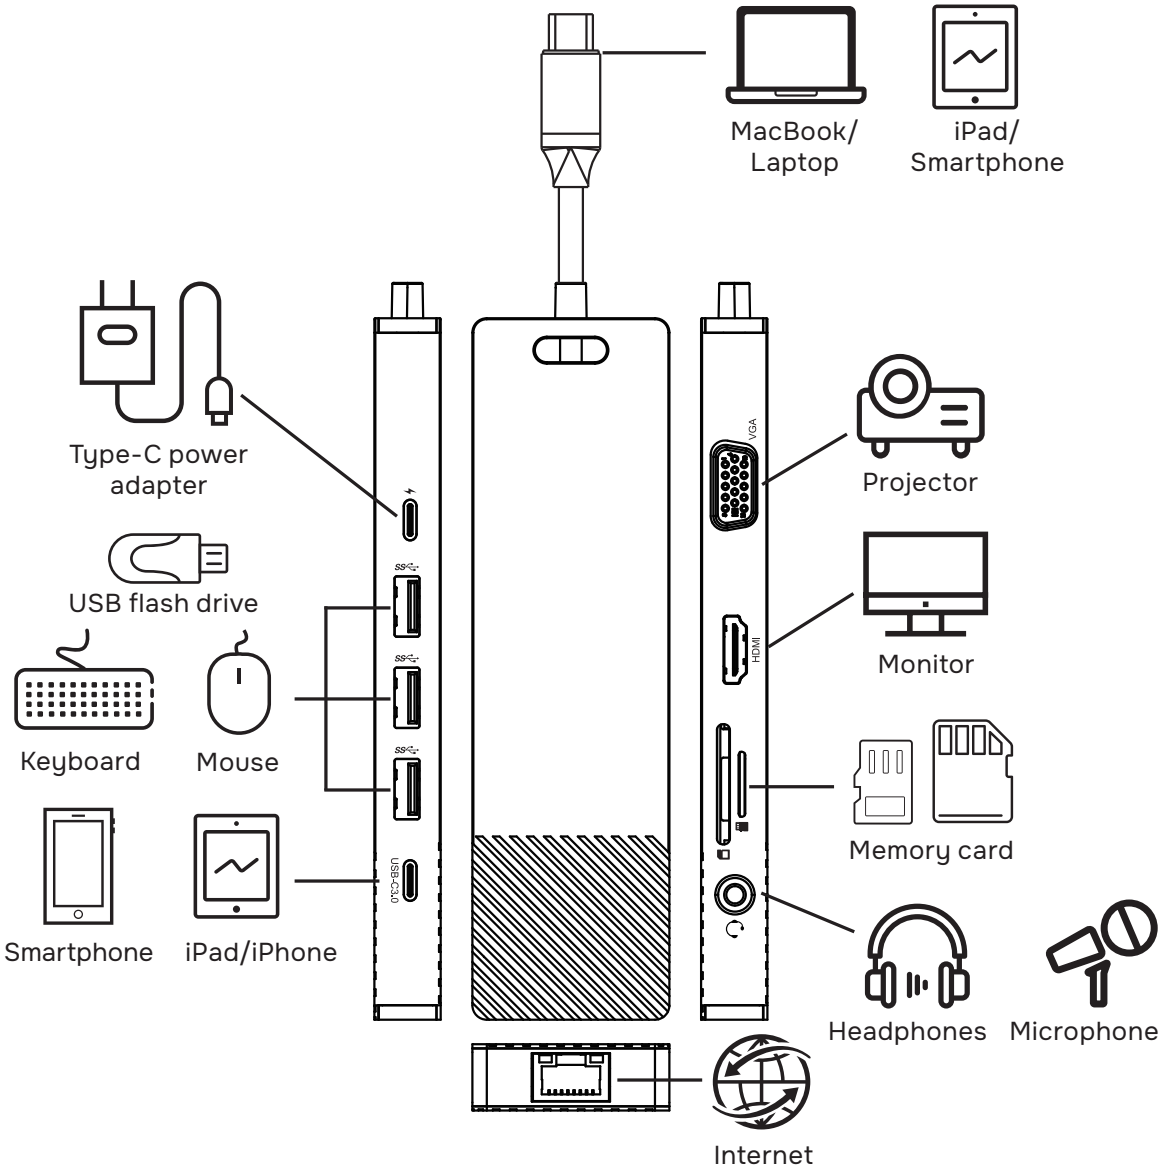

Operating Instructions

1. Connect the device's connector to the Type-C port on your computer.
2. Connect peripheral devices to the docking station.

Notes

- If the device is disconnected from the docking station during operation, data will be lost. The connection will be restored within a few seconds.
- It is recommended to use the USB ports for data transfer only if the computer or docking station is not connected to a power source.
- The PD port is required when connecting high-power devices, such as a large-capacity hard drive, to supply power.

Device Connection

Rules and Conditions for Installation, Storage, Transportation, Sale (Distribution), and Disposal

- The device does not require installation or permanent mounting.
- The device must be stored in its original packaging, on heated premises, both at the manufacturer's and at the consumer's sites. The ambient temperature should be between +5 °C and +40 °C, and the relative humidity should not exceed 80% (non-condensing). The storage area must be free from aggressive contaminants (e.g., acid or alkali vapors) that could cause corrosion.
- The device must be transported under dry conditions.
- The device requires careful handling. Protect it from exposure to dust, dirt, impact, moisture, fire, and other hazards.
- Sale or distribution of the device must be carried out in accordance with local legislation.
- Upon expiration of the device's service life, it must not be disposed of with unsorted household waste. Instead, it must be taken to an authorized collection point for electrical and electronic equipment for subsequent recycling and disposal in accordance with federal or local legislation. By ensuring proper disposal of this product, you help conserve natural resources and prevent potential harm to the environment and human health that may result from improper handling. For more detailed information about collection and disposal points for this product, please contact your local municipal authorities or your household waste disposal service.
- If a device malfunction is detected, immediately contact an authorized service center or dispose of the device.

Warranty Information

The manufacturer guarantees the device will function properly throughout the warranty period and be free from defects in materials and assembly. The warranty period commences on the date of purchase and applies to new products only. Warranty service includes free repair or replacement of defective parts that fail during the warranty period, provided the failure is not caused by consumer misuse and the product is operated in accordance with the user manual. Repairs or part replacements shall be performed at authorized service centers.

Warranty Period: 12 months
Service Life: 24 months
