KNOW YOUR PRODUCT

[Desk + Air] DUAL FUNCTIONS

The innovative Air Mouse Function provides dual [Desk+Air] usage modes, turn your mouse into a multimedia controller by simply lift it in the air. No software installation required.

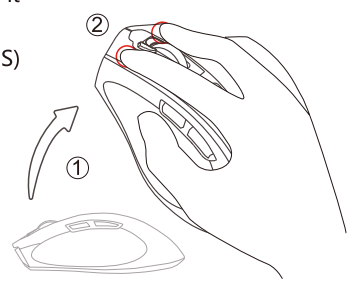

① **On the Desk**
Standard Mouse Performance

② **Lift in Air**
Media Player Controller

LIFT IN AIR FUNCTION

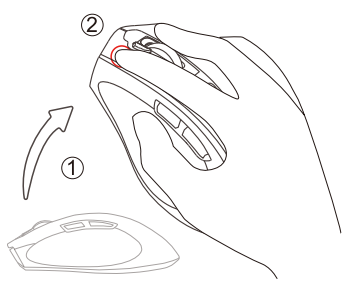

To activate the Air Function, please follow the steps:
① Lift the mouse in the air.
② Hold both left and right buttons for 5s.

So now you can operate the mouse in the air and turn it into a multimedia controller with the below functions.
Left Button: Anti-Sleep Setting Mode (Long Press 3S)
Right Button: Play / Pause
Capture Button: Open Browser
Scroll Wheel: Volume Up / Down
Scroll Button: Mute
DPI Button: Open Media Player
Forward: Previous Track
Backward: Next Track

ANTI-SLEEP SETTING MODE

To prevent your PC from entering the sleep-mode setting while you are away from your desk, simply turn on our new Anti-Sleep Setting Mode for PC. It will automatically simulate the mouse cursor movement once you turn it on.

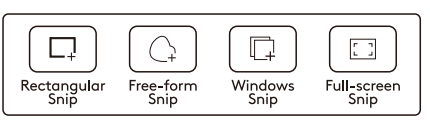

To turn on/off the Anti-Sleep Setting Mode for PC, please follow the steps:

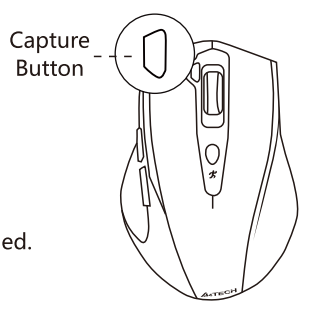

① Lift the mouse in the air.
② Hold the left button for 3s.

SCREENSHOT CAPTURES

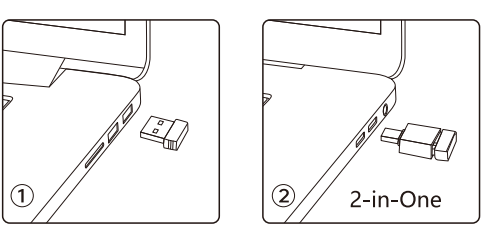

① One click the capture button.
② Select the screenshot type by pressing the left key.

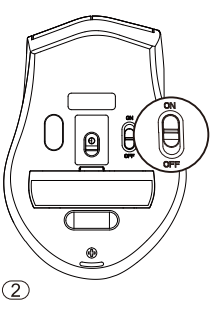

③ Long press the left key and move the mouse cursor to capture the screen area.
④ Release the left key and the screenshot will be recorded.
⑤ You can paste the screenshot to another application.
*** Only supports Windows 10/11 or later.

CONNECTING 2.4G DEVICE

①
① Plug the receiver into the computer's USB port.
② Use the Type-C adaptor to connect the receiver with the computer's Type-C port.

②
Turn the mouse power switch to on.

Q & A

Question **Do I need to install software for the【Desk+Air】mouse function?**

Answer Just lift the mouse in the air, and hold both left and right buttons for 5s to enable the "Lift in Air" function, to turn it into a multimedia controller.

Question **Is the air function fully compatible with all multimedia platforms?**

Answer The mouse air function is created according to the Microsoft operation instructions. Except for the volume control function, the other multimedia functions might be limited use by some system platforms or third-party software support.
