Tiandy

Network Video Camera Series

ISO 9001:2008
ISO 14001:2004

Thank you for choosing our products.
Please read the User Manual carefully before using this product.
This user manual will provide you with instructions for correct installation and operation.

Safety Instruction

These instructions are intended to ensure that user can use the product correctly to avoid danger and property loss. Please carefully read this guidance and keep it for future reference before operating the device. The manual is designed to instruct users to facilitate installation. The interface in details depends on the exact product.

The latest version will be updated regularly according to the software and hardware improvement of our product. Updated information will be updated in the latest version of this manual without prior notice.

The precaution measure is divided into “Warnings” and “Cautions”

Warnings

Follow these safeguards to prevent serious injury or death.

1. Input voltage should meet both the SELV (Safety Extra Low Voltage)
2. Contact the distributor for abnormal operation. Do Not disassemble or modify the devices in any way.
3. Moisture must be avoided for indoor devices in case of fire and electric shock.
4. Install the equipment on the ceiling to ensure that it can withstand at least 4 times the weight of the equipment.
5. Moisture must be avoided for indoor devices in case of fire and electric shock.

Cautions

Follow these precautions to prevent potential injury or material damage.

1. Original package must be used for shipment and management to avoid high pressure, high vibration and imprisonments
2. Avoid direct contact with image sensor. Cover the dust cap while not operating.
3. Do not aim the camera at the extra bright places (light, sunlight, laser) in case of affecting the endurance of CMOS at the same time.
4. Do not place the camera in extremely hot, cold, dusty or damp locations, and do not expose it to high electromagnetism radiation.
5. To avoid heat accumulation, good ventilation is required for operating environment.
6. Ensure that the installation location is kept at a sufficient distance from the surrounding electromagnetic sensitive equipment to prevent electromagnetic interference.
7. Keep the camera away from liquid while on using. Original package during shipment is strongly recommended.
8. Any replacement of the device battery or the use of a mismatched type may cause irreversible damage to the device.
9. Modify the default login password when first login the device to avoid the loss caused by weak password.
10. When the Micro SD is used, it is recommended to use a special video surveillance
11. Micro SD card to avoid after sales maintenance arising from the rapid damage of ordinary Micro SD cards.

Quick Operation

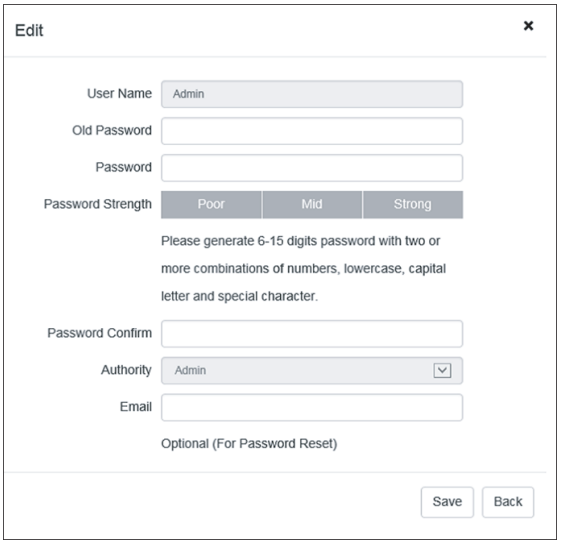

Device Activation

- Enter default IP address: 192.168.1.2 in the address bar of the IE, and then the login interface will appear as shown in the Figure 1.

Figure 1. Login Interface

- Input the default username and password: admin/admin (username is case-intensive), and a prompt box of changing password will pop up as shown in Figure 2.

Fiction 2. Device Activation Interface

- Input new password according to the prompt message, then click the button “Save”, and a prompt box will pop up as shown in Figure 3.

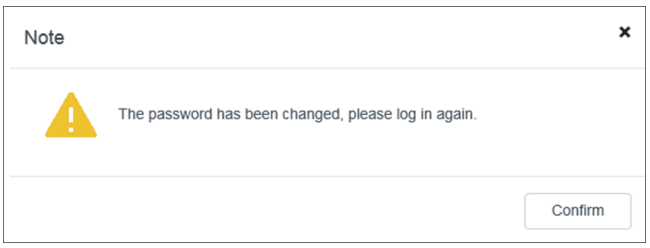

Figure 3. Prompt Box

- Click the “OK” button, then the login screen will be refreshed. After inputting the username and the new password, you will enter the preview interface.
- If it’ s your first time to use this product, you need to download and install the plug-in according to the prompt message, as shown in Figure 4.

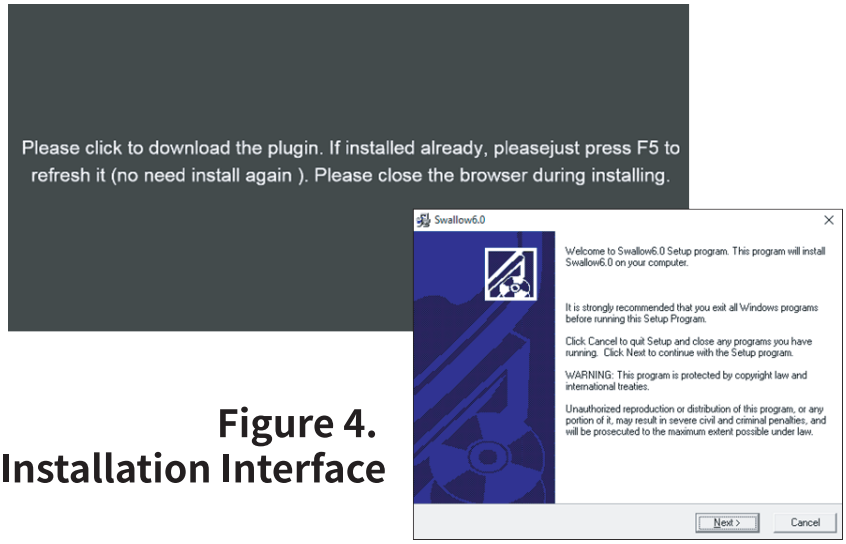

Figure 4.
Plug-in Installation Interface

- Open the IE browser again after successful installation, and input the correct username and password to enter the preview interface. For detailed usage, please visit the website (http://en.tiandy.com/) .

Note: The default password is “admin” when you start to use it for the first time. Only after entering the correct password can you enter the device activation interface. If you input incorrect password for 5 consecutive times, the device will be locked for 5 minutes.

Быстрые операции

Активация устройства

- Введите IP-адрес устройства по умолчанию в адресной строке браузера IE: 192.168.1.2, после чего появится интерфейс входа в систему, как показано на рис. 1.

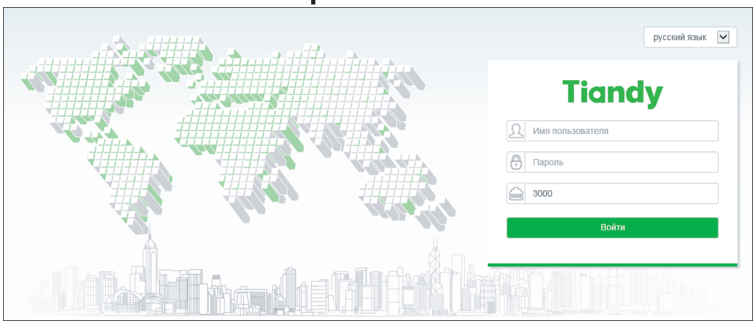

Рис. 1 Интерфейс входа

- Введите имя пользователя и пароль по умолчанию: admin/admin (имя пользователя не чувствительно к регистру), после чего появится всплывающее окно для изменения пароля, как показано на рис. 2.

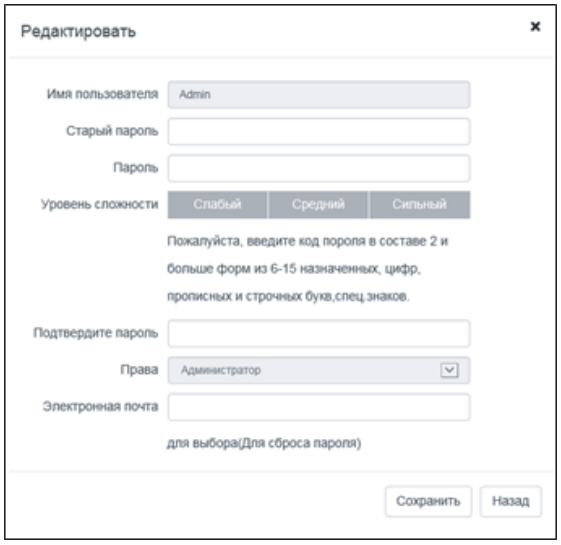

Рис. 2 Интерфейс активации устройства

- Введите новый пароль в соответствии с подсказкой, нажмите кнопку «Сохранить», после чего появится всплывающее окно, как показано на рис. 3.

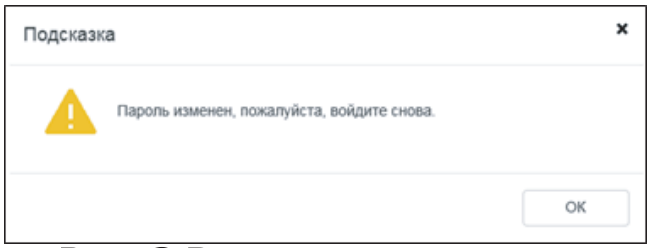

Рис. 3 Всплывающее окно

- Нажмите кнопку «Подтвердить», страница входа обновится. Введите имя пользователя и новый пароль, а затем войдите в интерфейс предварительного просмотра.
- При использовании данного продукта впервые, Вам необходимо загрузить и установить плагин в соответствии с инструкциями, как показано на рис. 4.

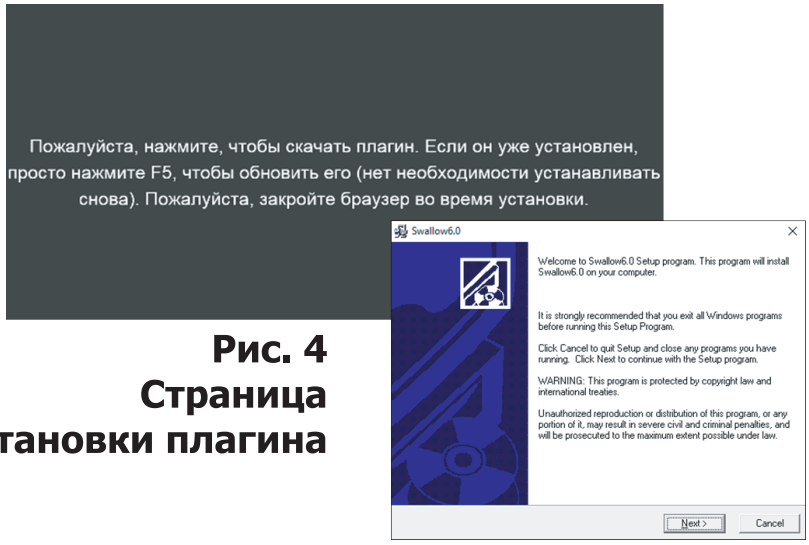

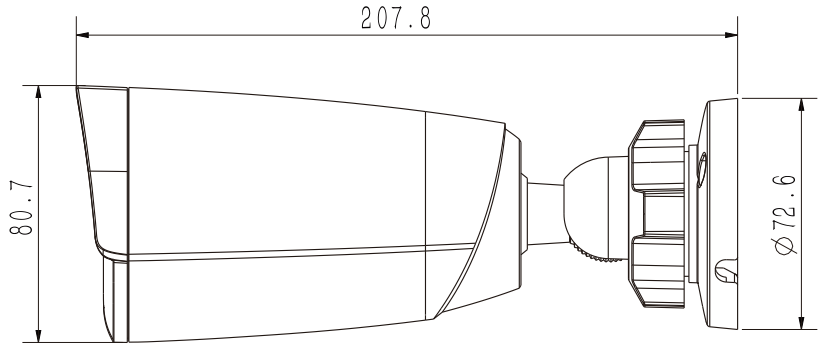

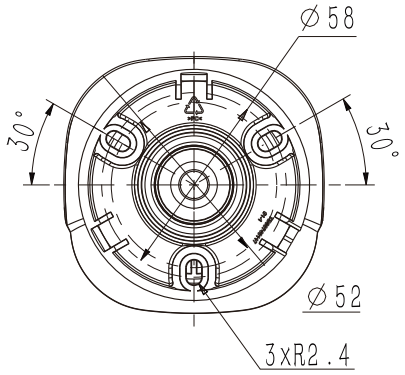

Рис. 4 Страница установки плагина

- После успешной установки плагина откройте браузер снова и введите правильное имя пользователя и пароль, чтобы войти в интерфейс предварительного просмотра. Чтобы получить подробную информацию, пожалуйста, войдите на официальный сайт (http://en.tiandy.com/) для загрузки.

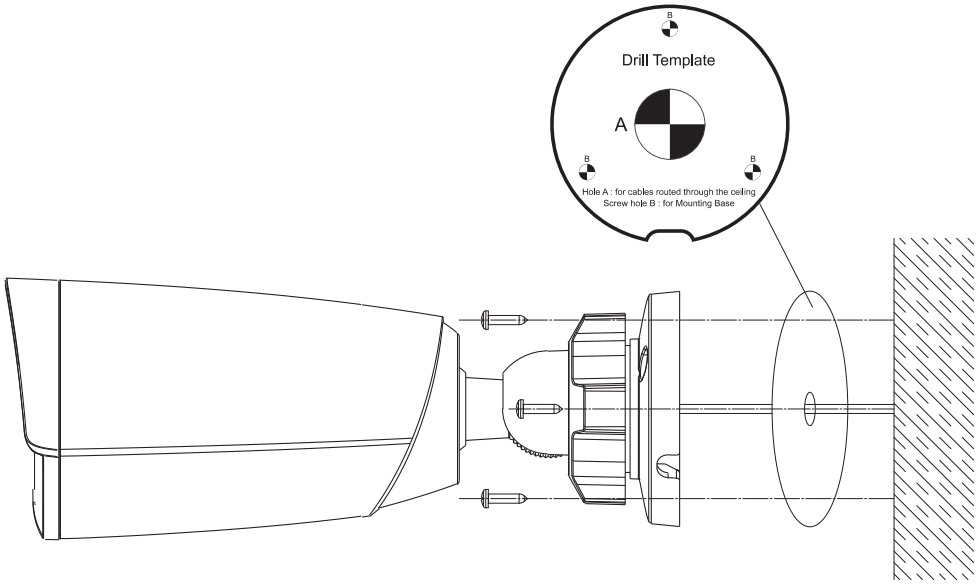

Примечание: при использовании данного продукта впервые, пароль устройства по умолчанию – admin. Только после ввода правильного пароля Вы сможете войти в интерфейс активации устройства. Если пароль был введен неверно 5 раз подряд, устройство будет заблокировано на 5 минут.
